Clinical Medicine Section

**NEEDS ASSESSMENT**

2017

# Which best describes your primary role in college health/mental health?

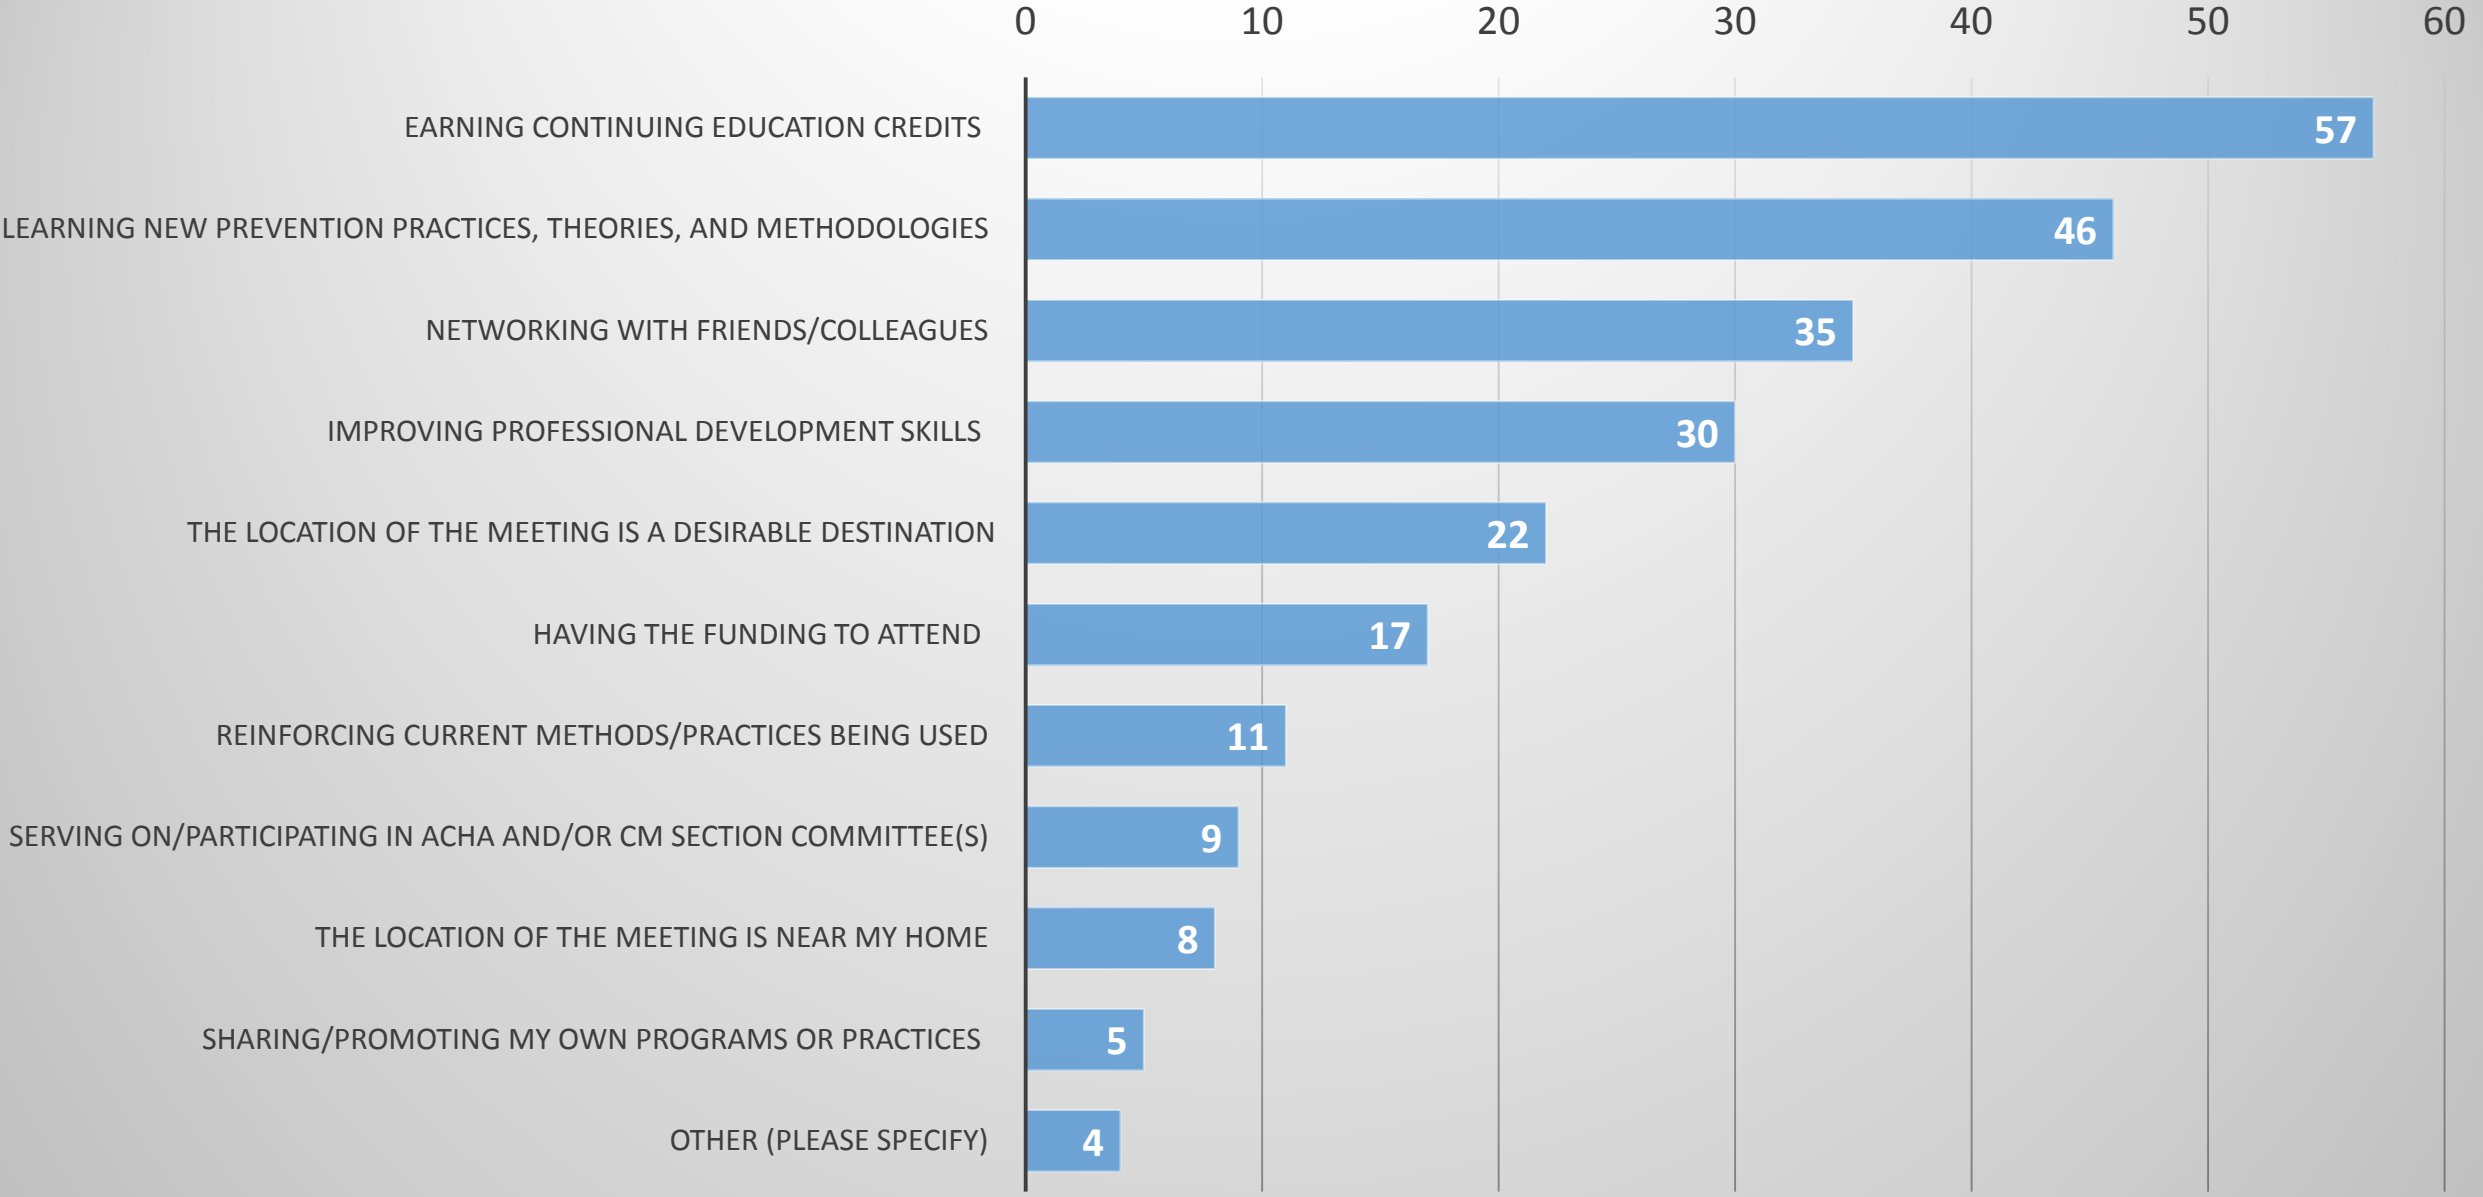

Administrator	5
Advanced Practice Clinician	14
Health Educator	1
Physician	55
Other (please specify)	9

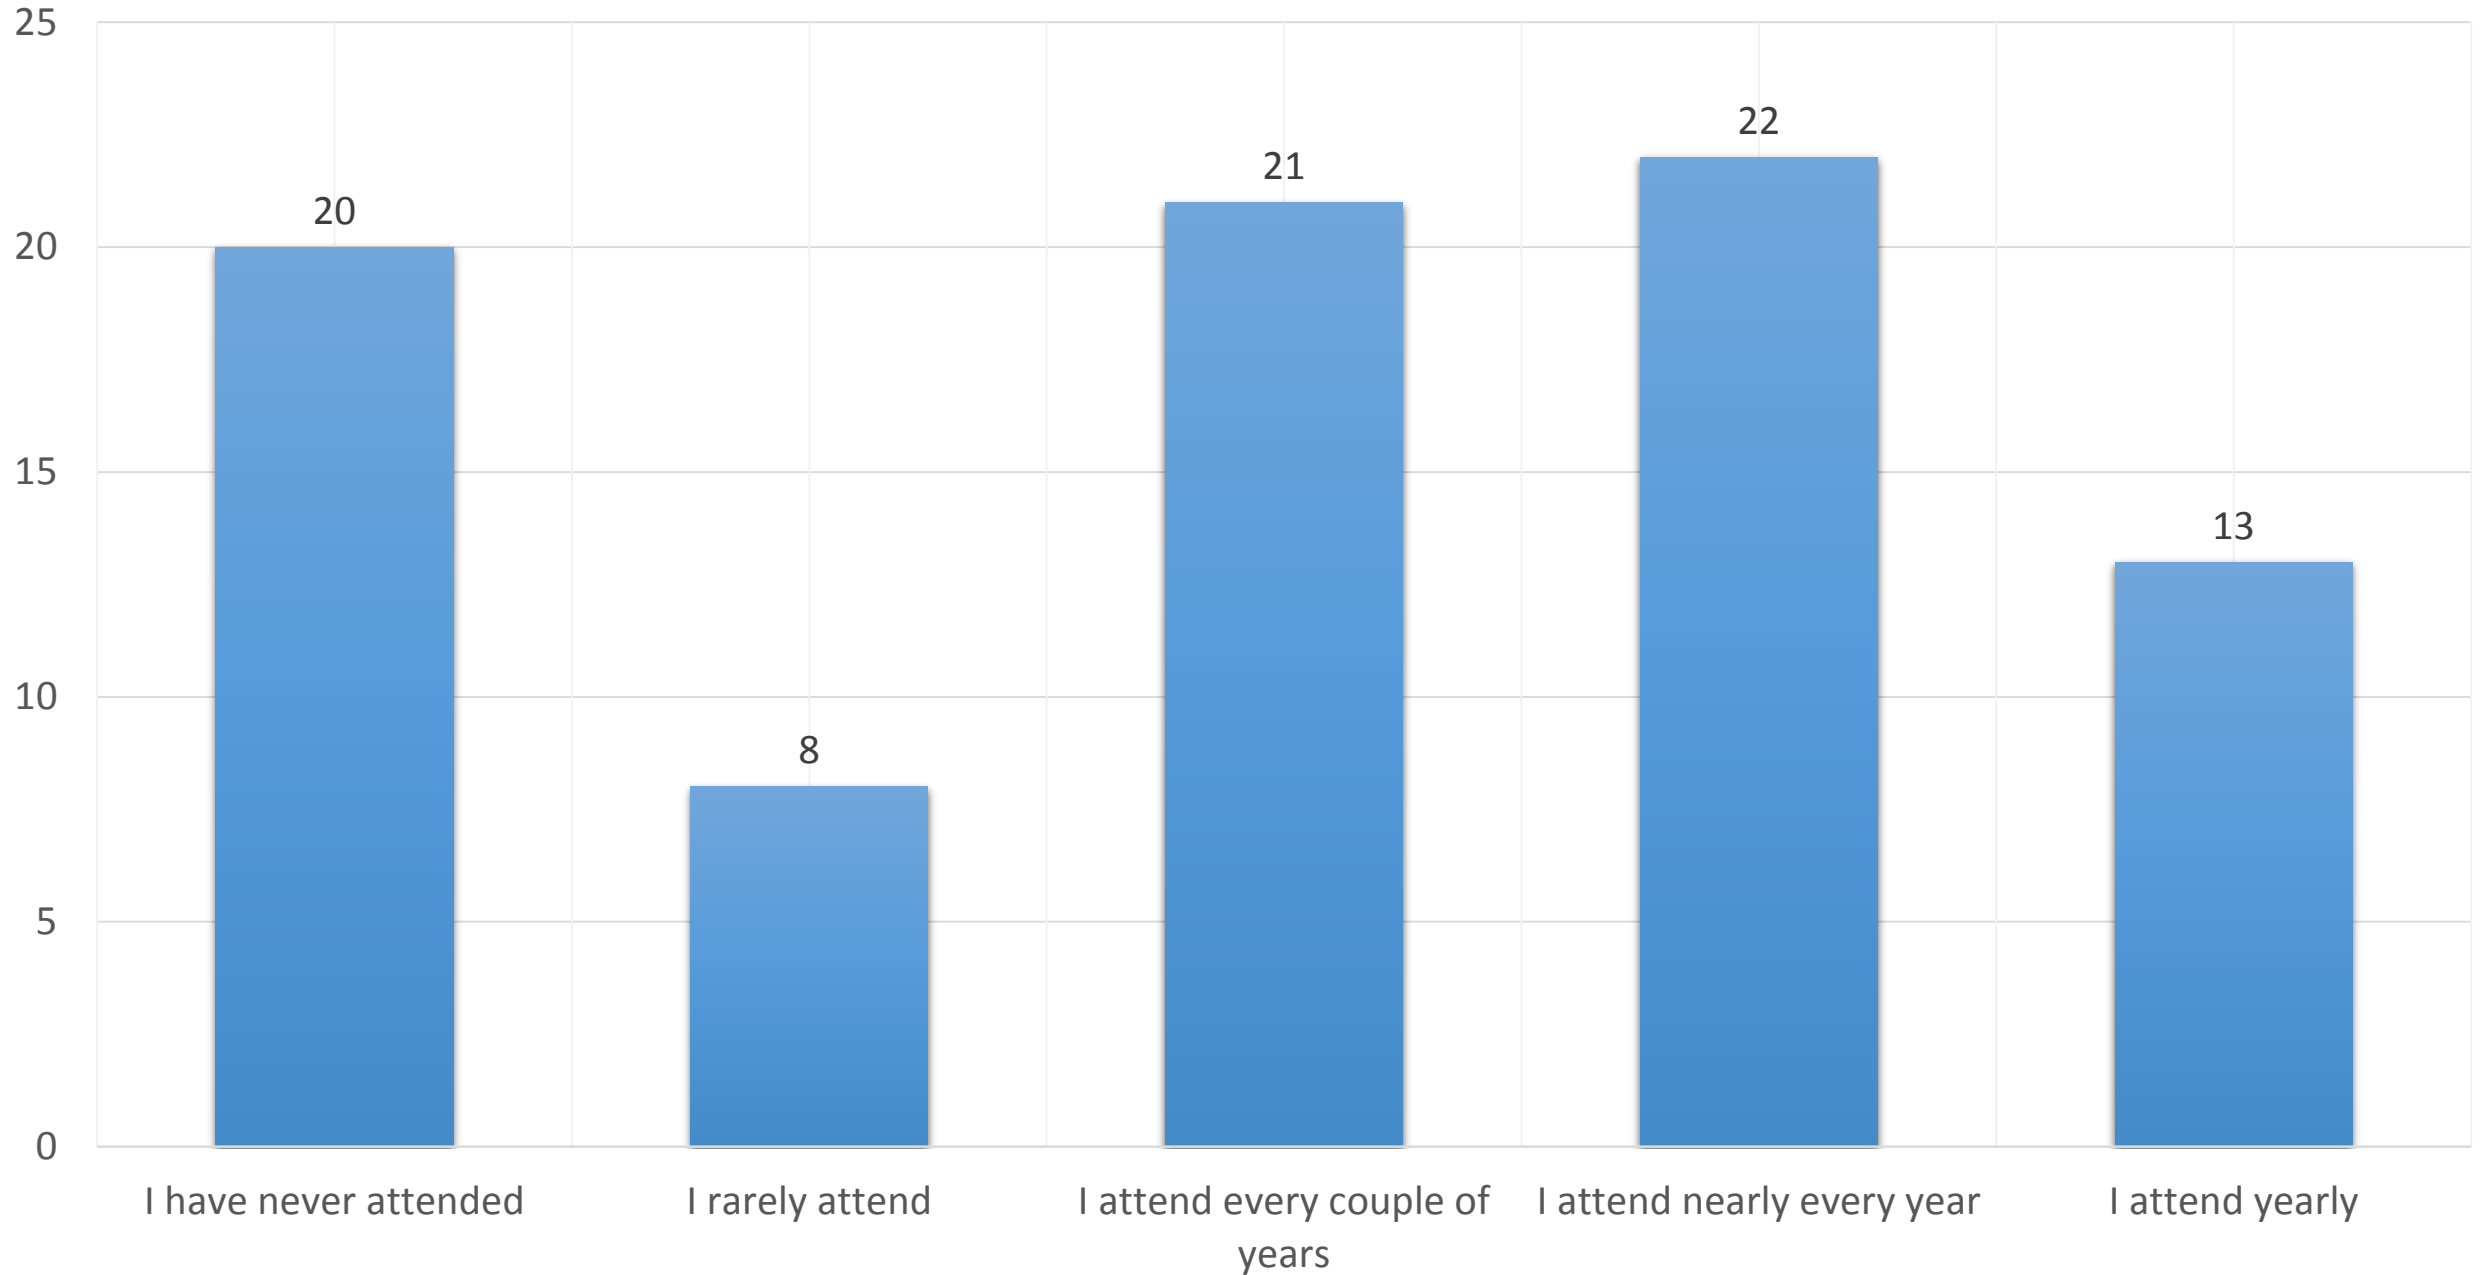

## How many years have you been professionally involved in college health?

**Please select the three factors that do or would most influence your decision to attend the ACHA Annual Meeting. (Select no more than three choices)**

## Which best describes your frequency of attendance at the ACHA Annual Meeting?

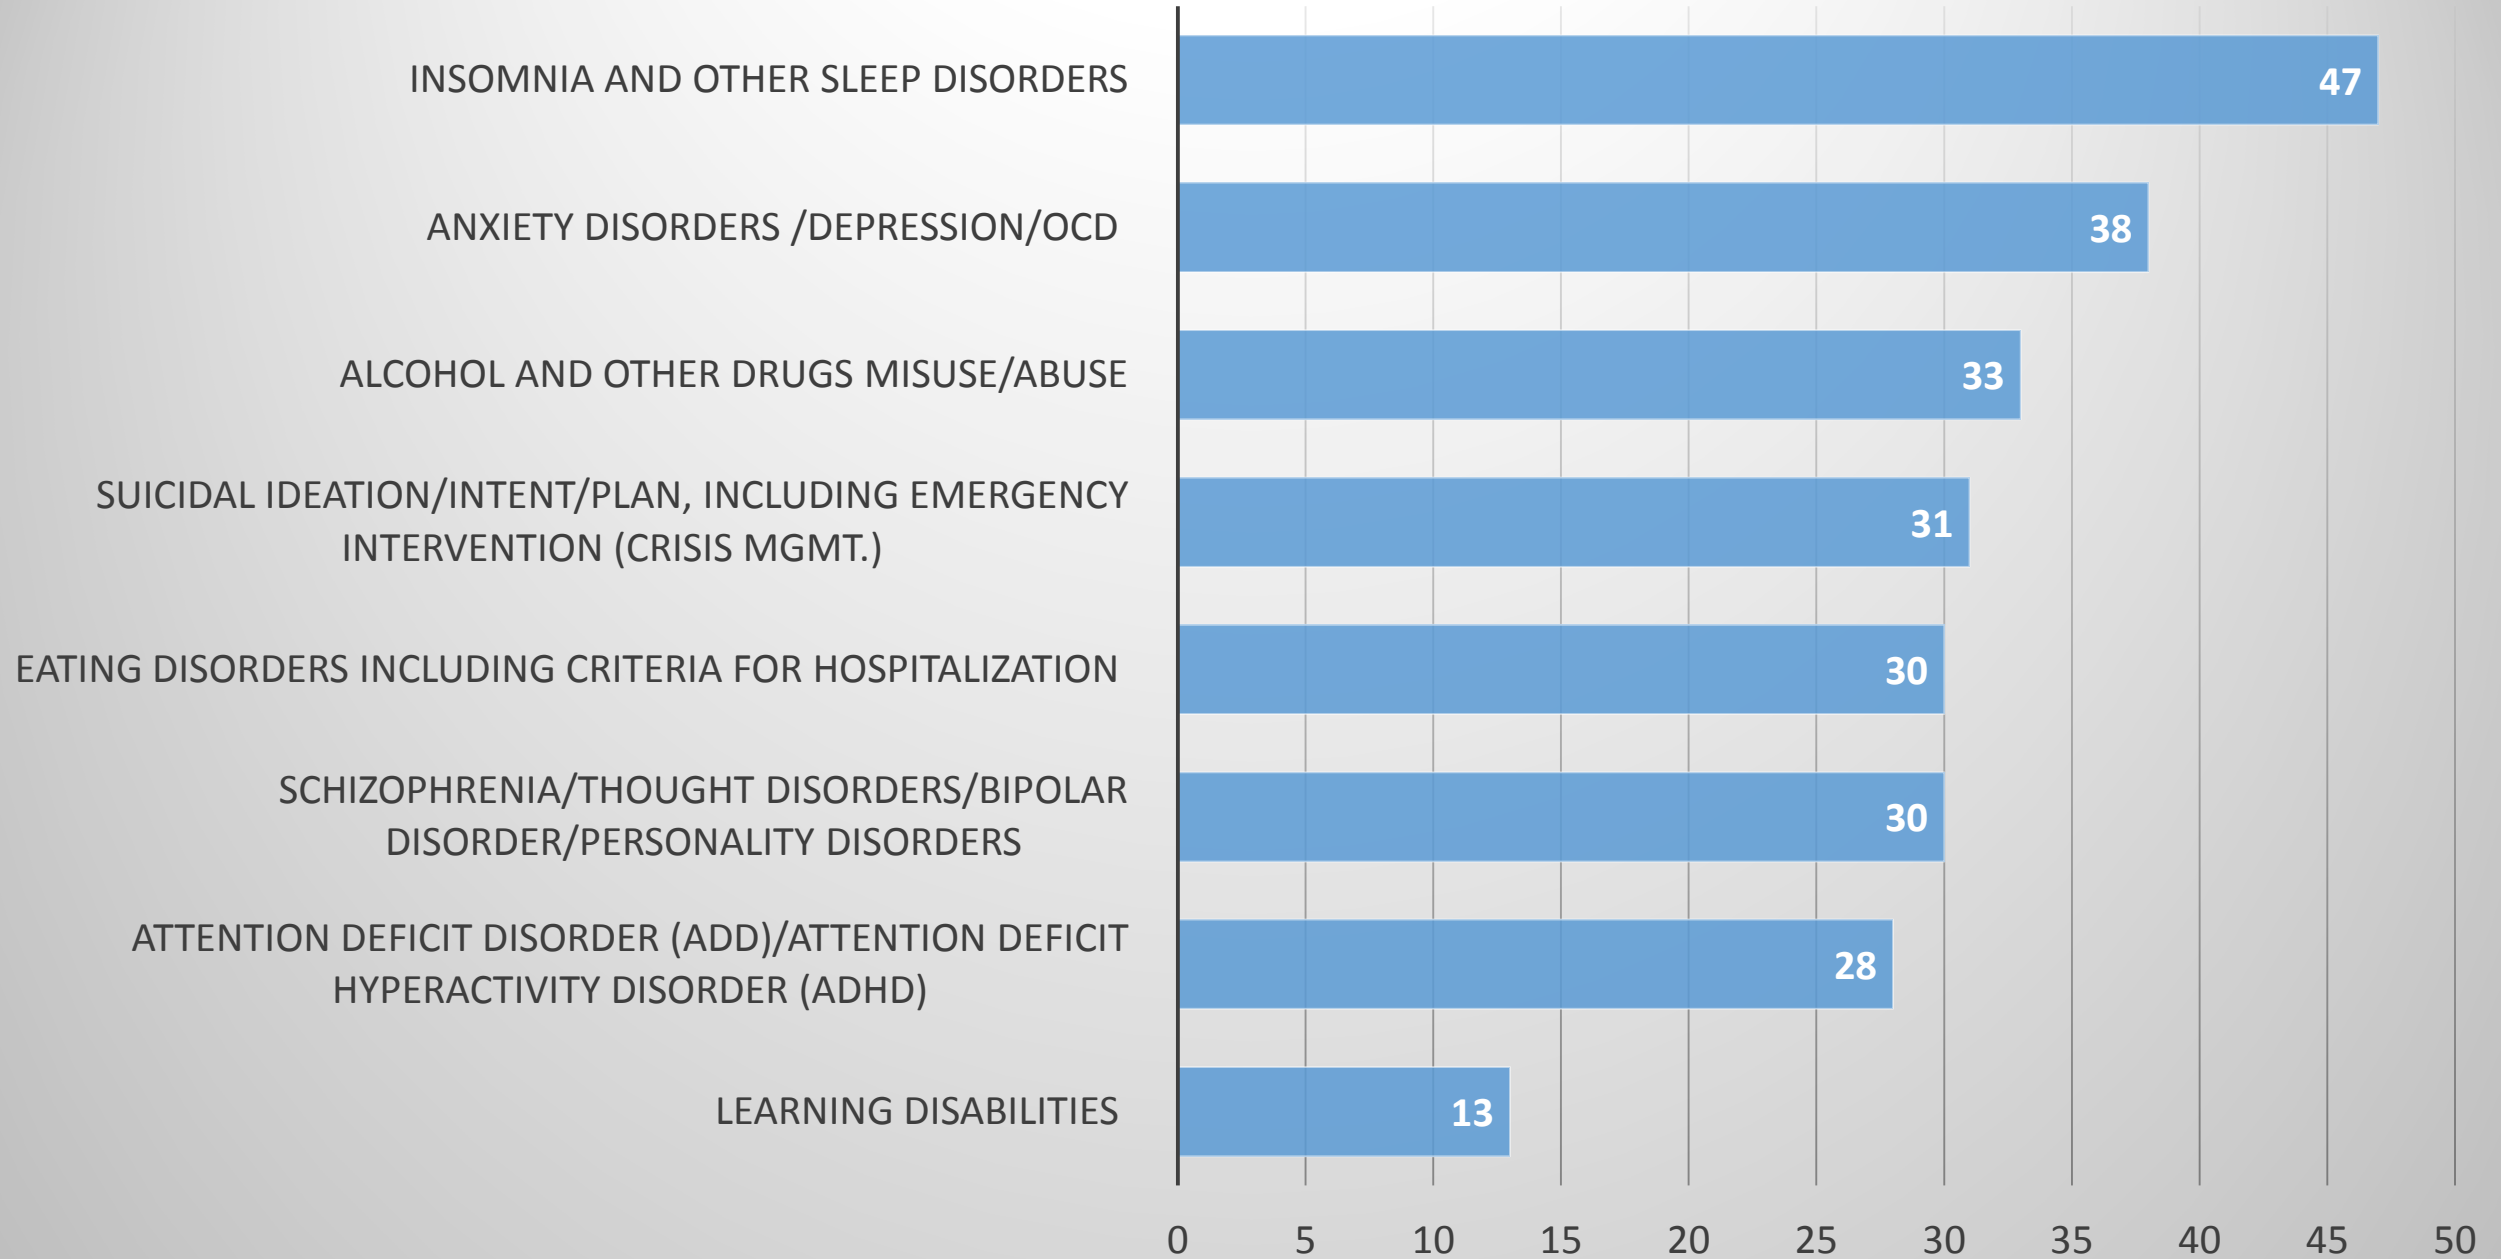

If you never attend, please share your reason(s)

Unaware  
Personal obligations  
**TIME**  
New member  
Distance  
Expense  
New employee

Which of the following specific topics do you want/need to learn more about at future ACHA Annual Meetings? (Select all that apply)

## Behavioral Health

## Cardiovascular

ARRHYTHMIAS (LONG AND SHORT QT, PRE EXCITATION SYNDROMES,  
-- LYME DISEASE ASSOCIATED)

45

NEUROCARDIOGENIC SYNCOPE

40

PALPITATIONS

37

ACUTE CARDIOMYOPATHY / HOCUM / HYPERTROPHIC  
CARDIOMYOPATHY

32

HEART MURMURS

23

HYPERTENSION

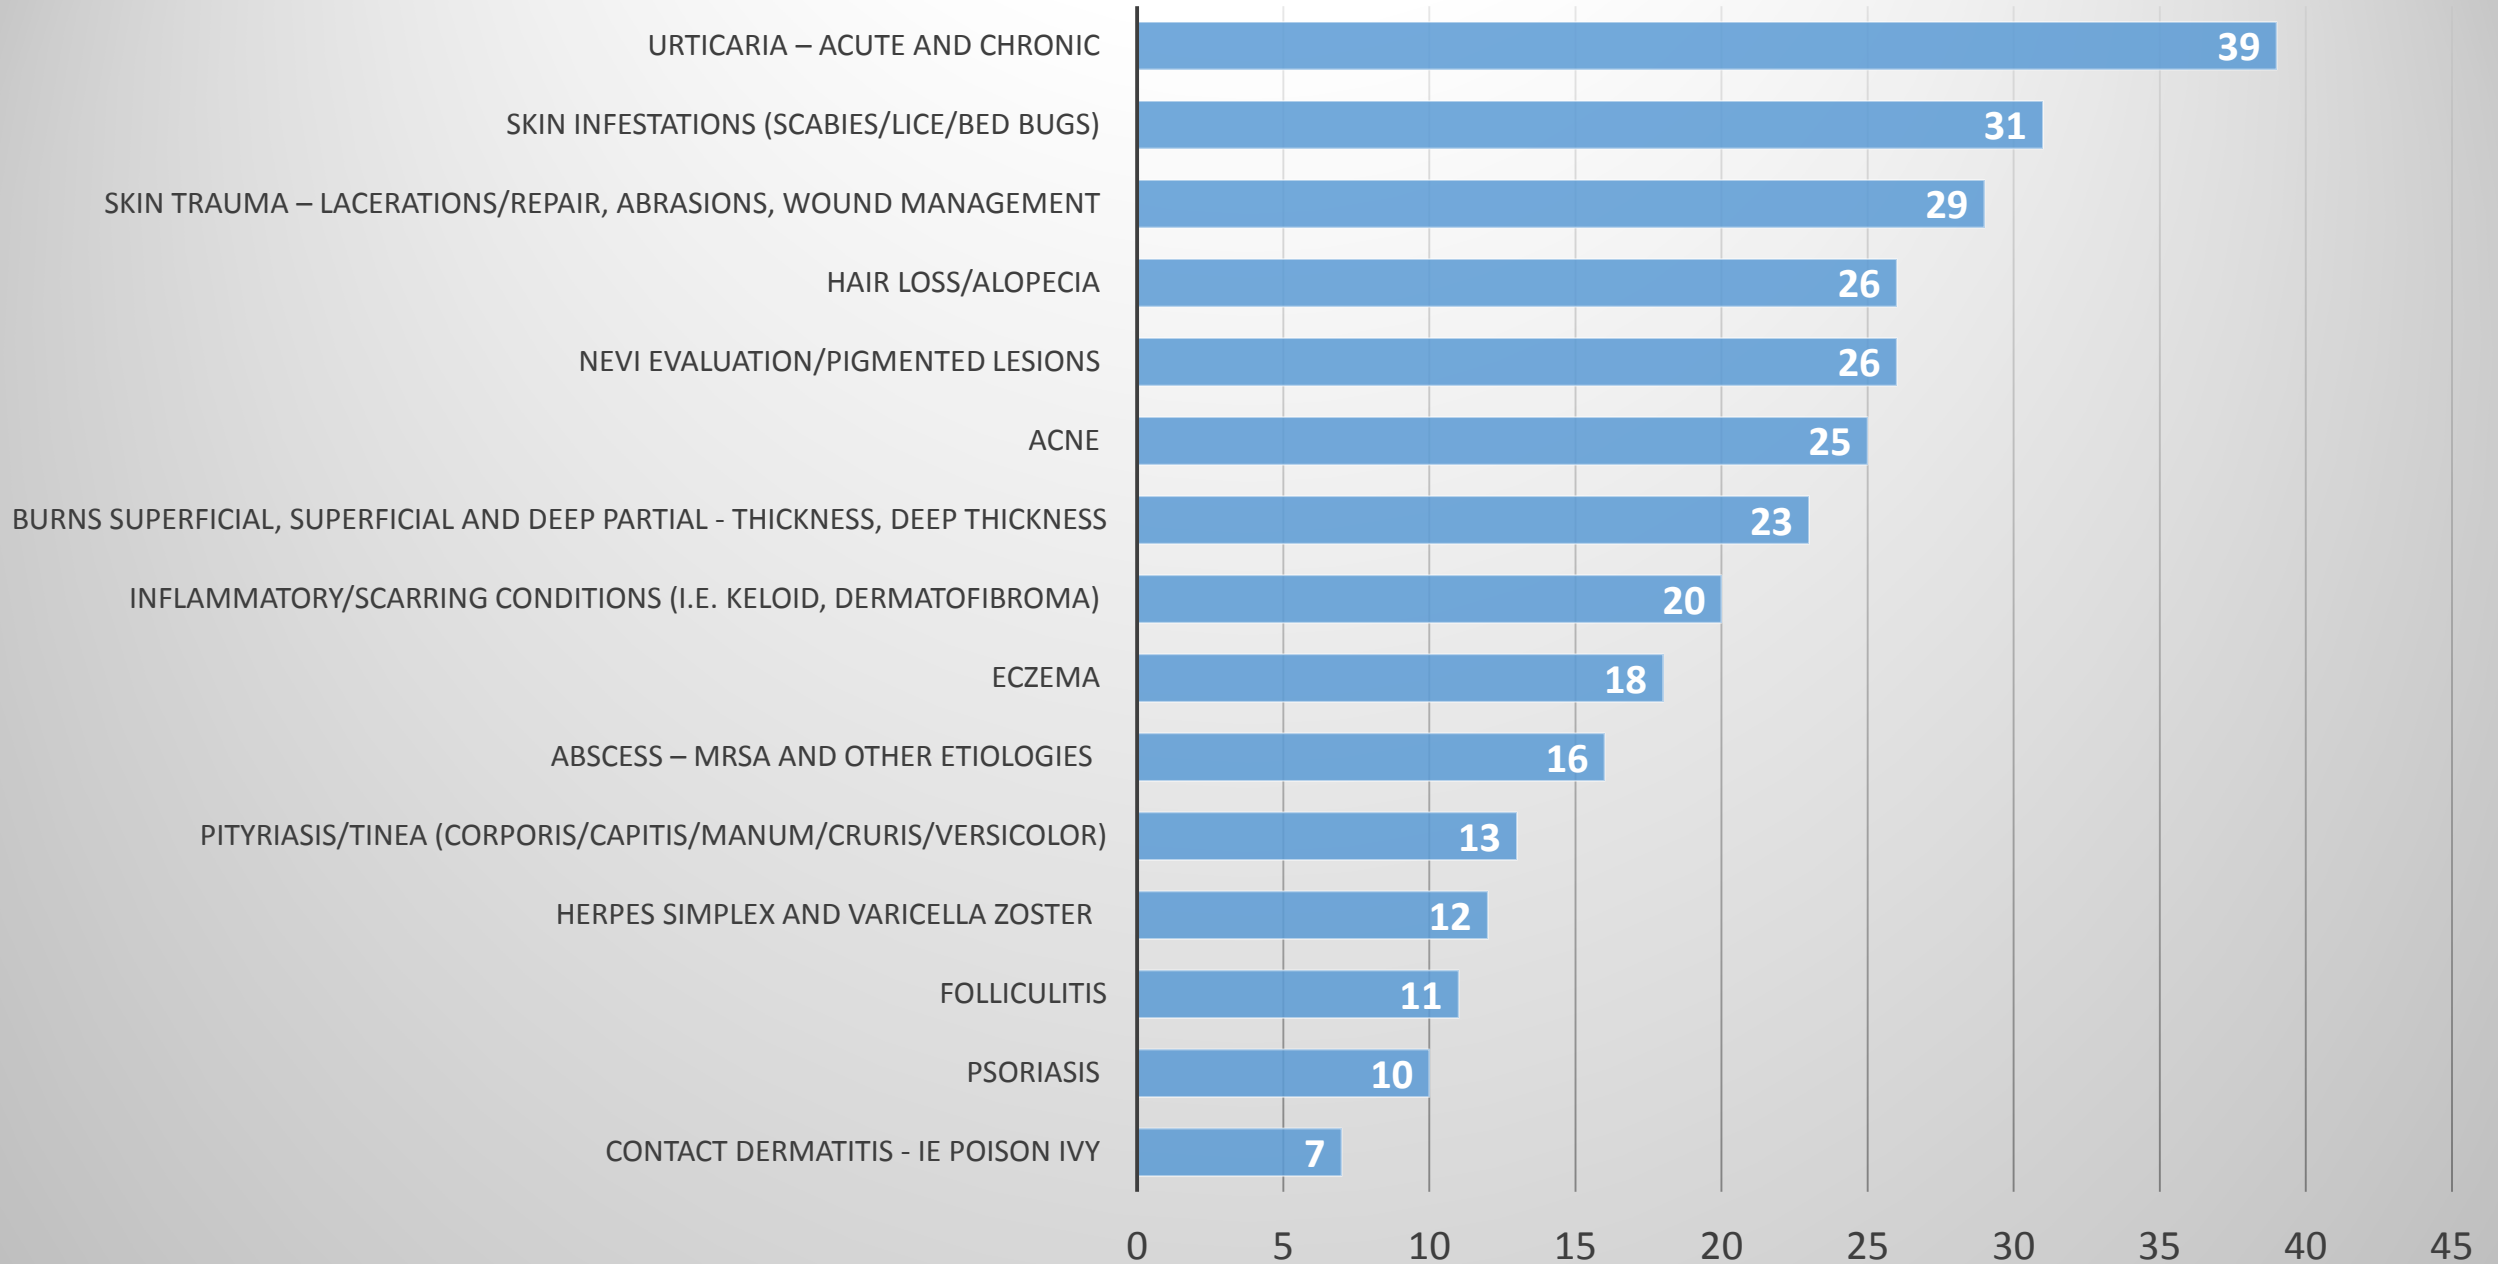

22

PERICARDITIS/PERICARDIAL EFFUSION

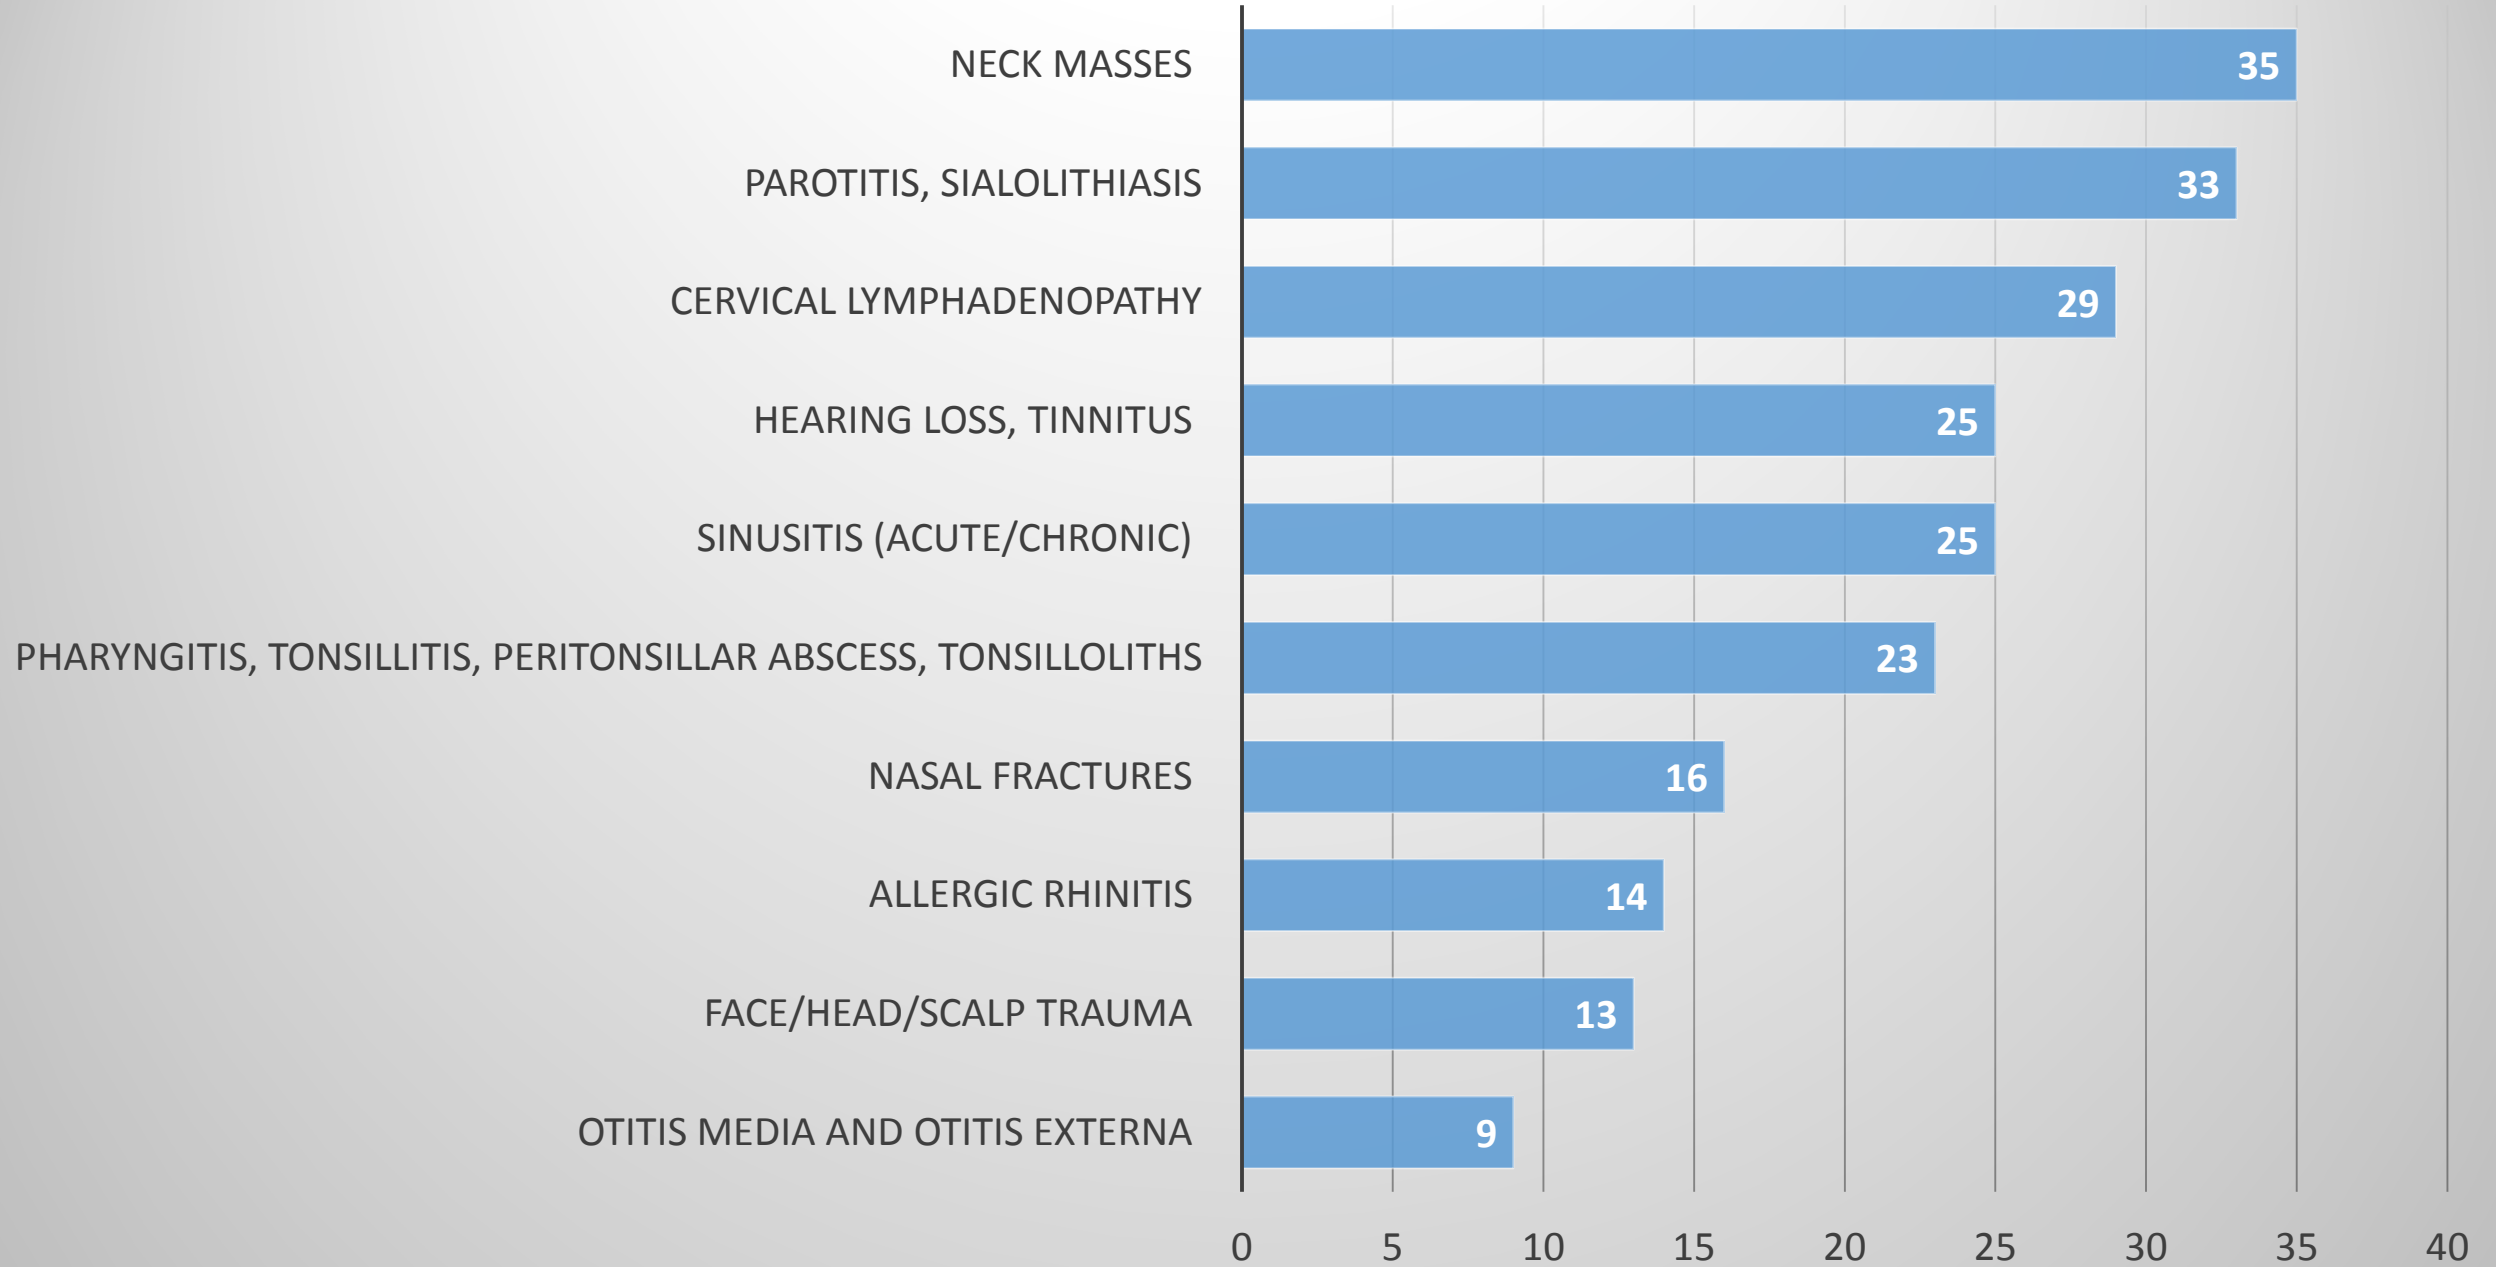

16

0 5 10 15 20 25 30 35 40 45 50

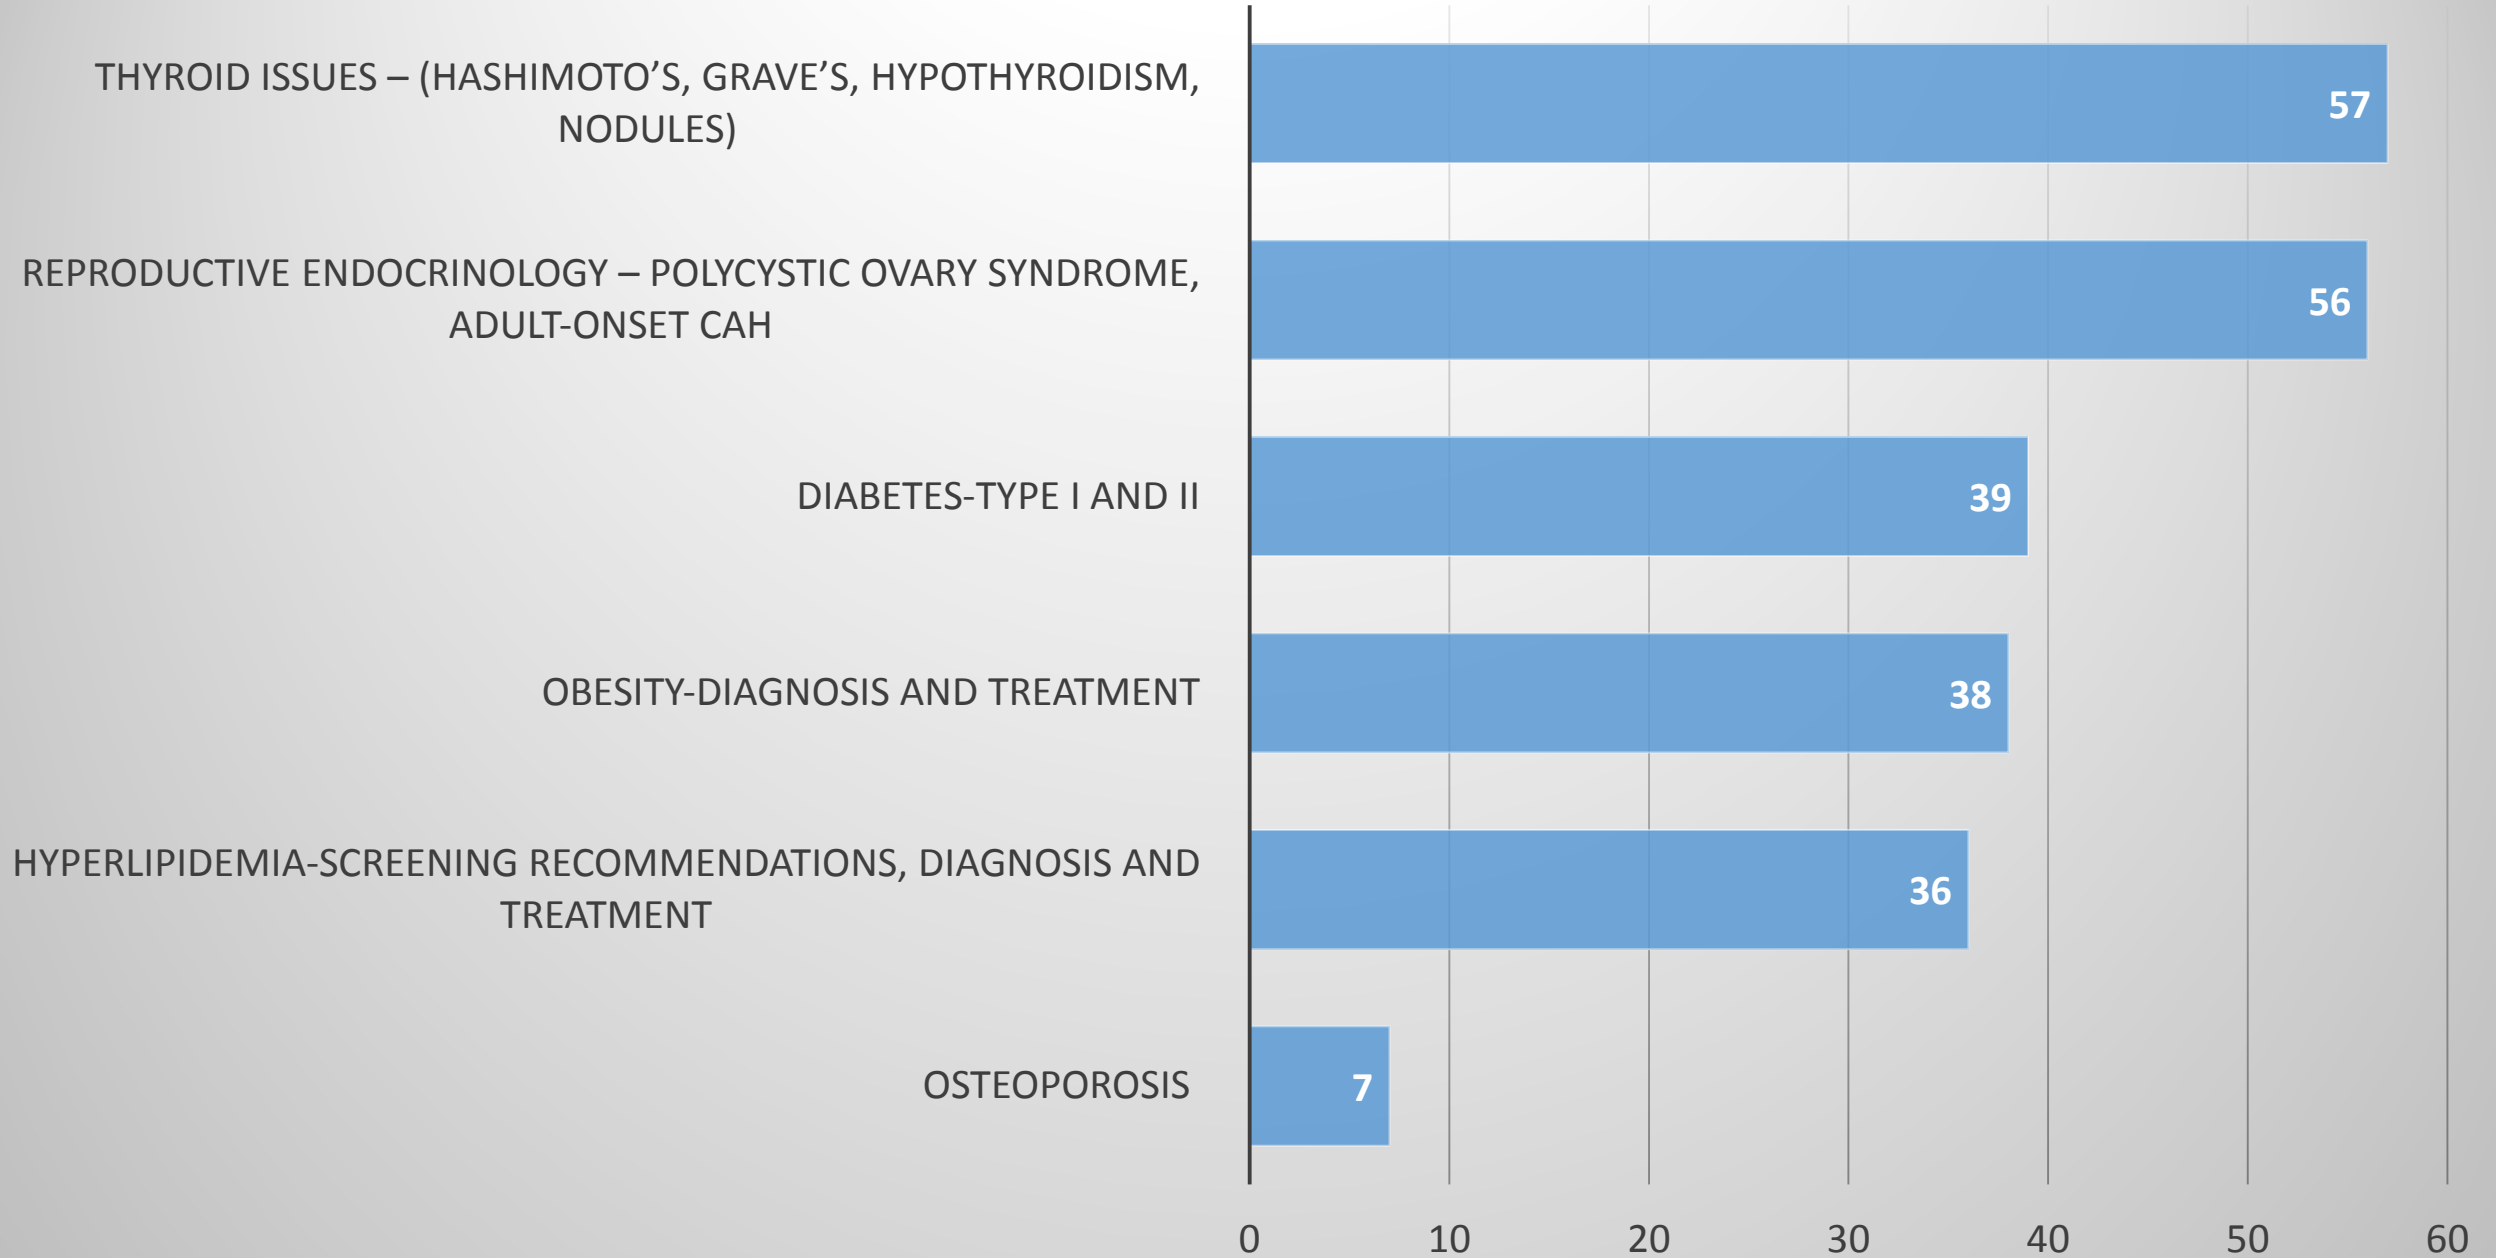

## Dermatology (common skin complaints)

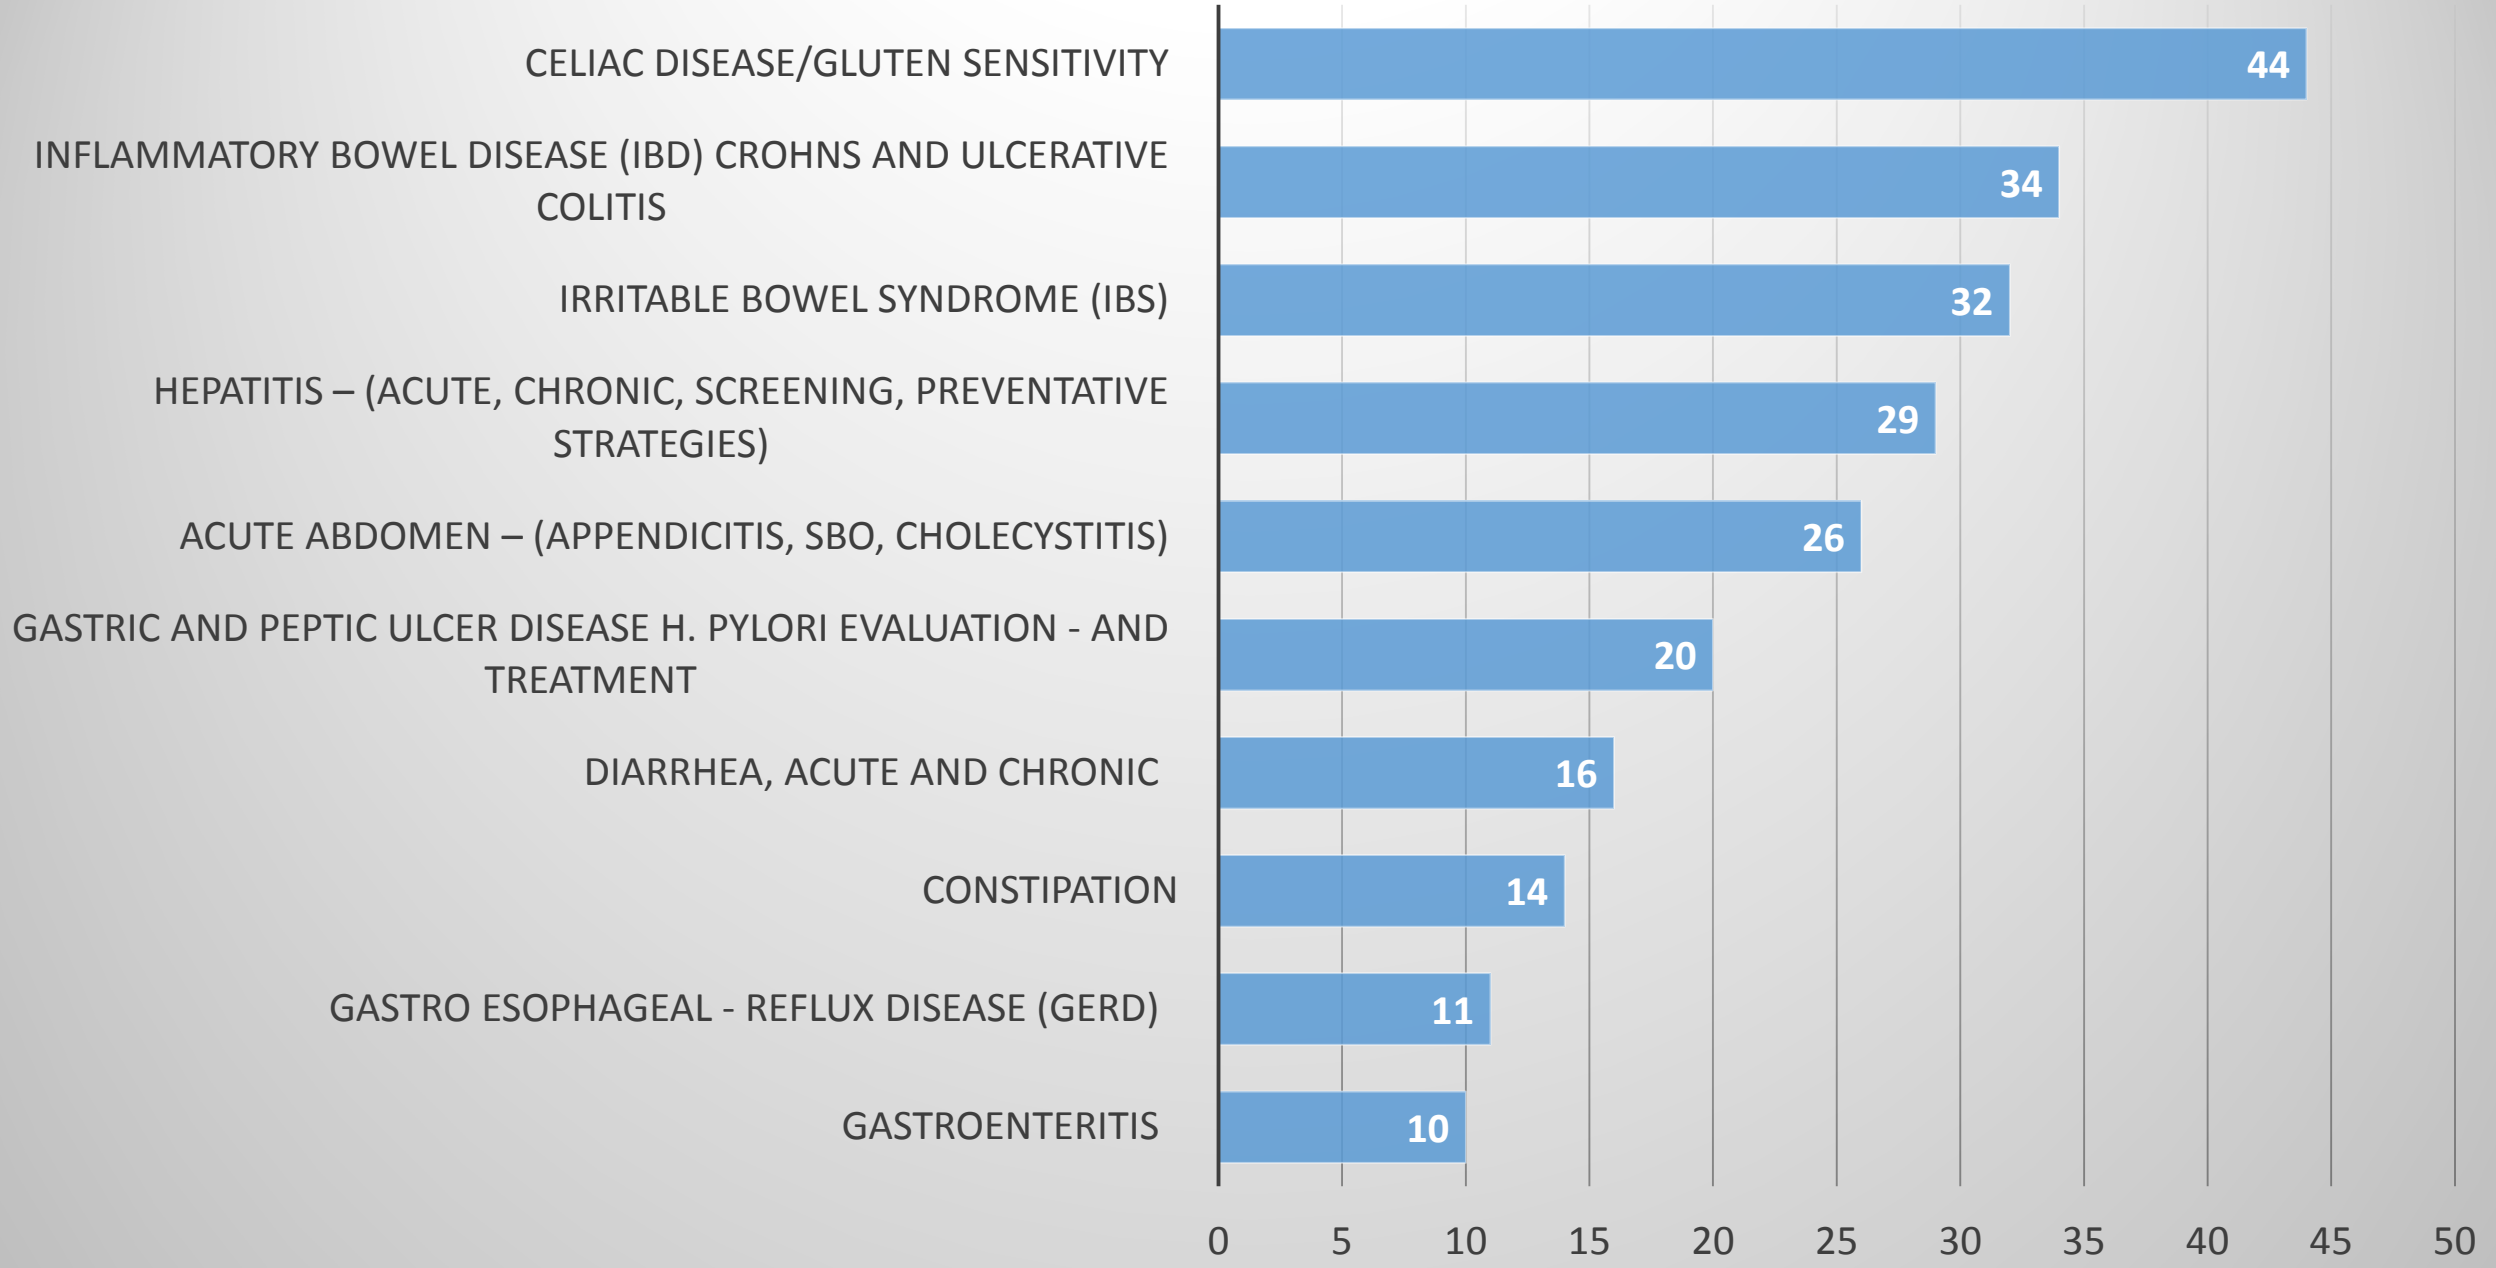

# ENT

# Endocrinology

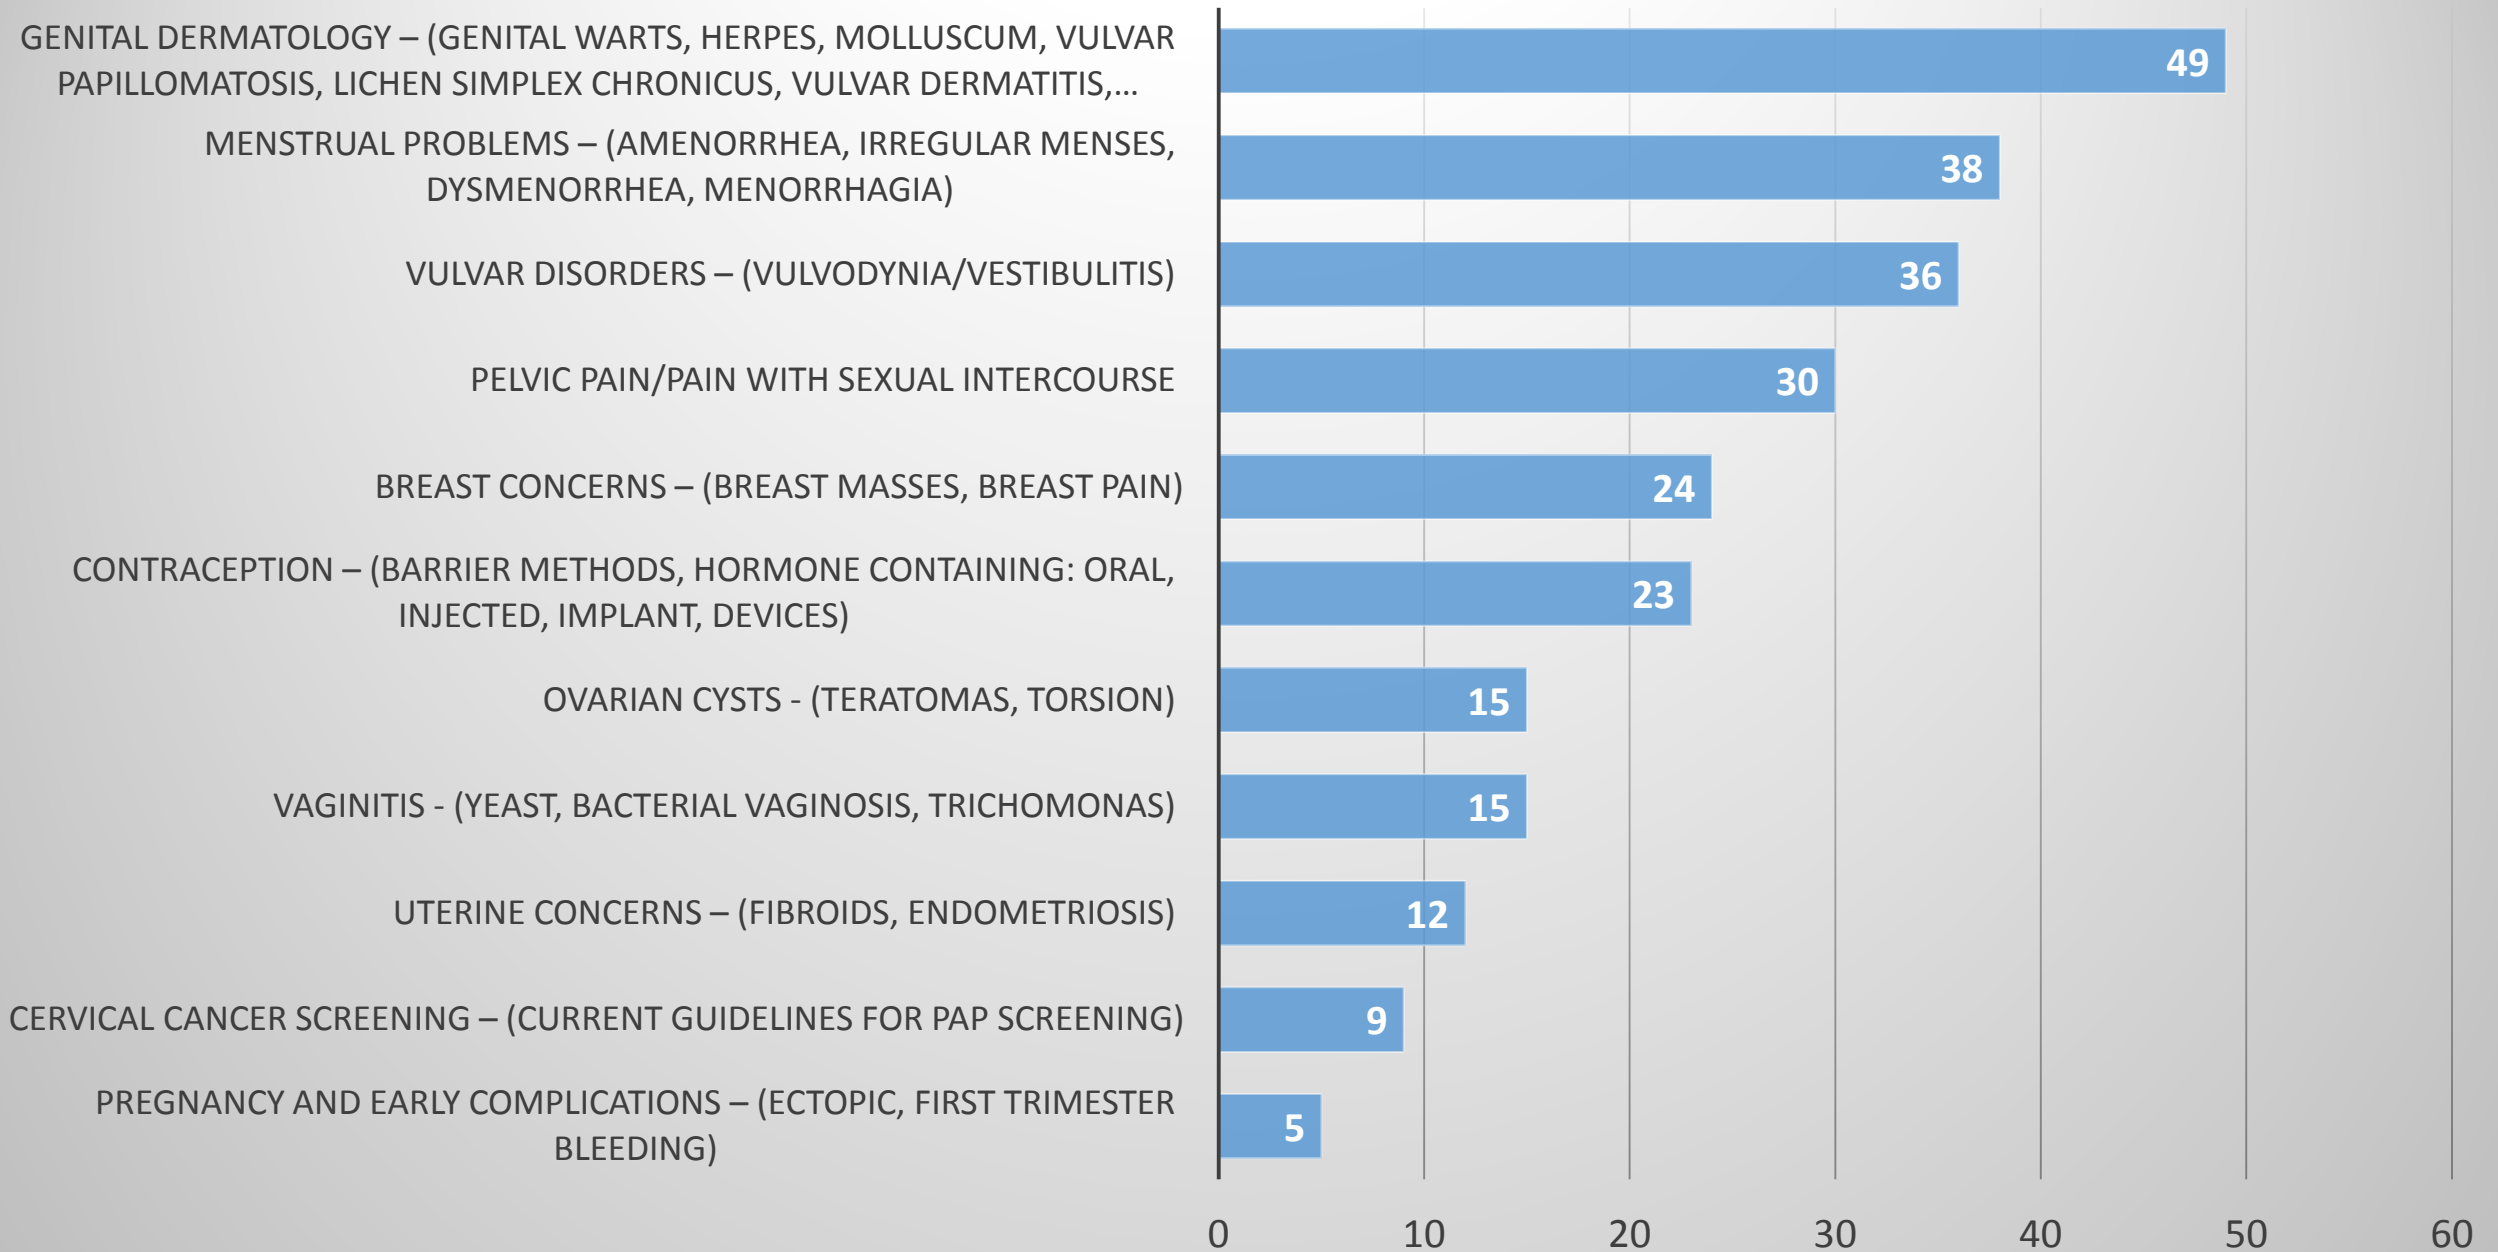

# Gastroenterology

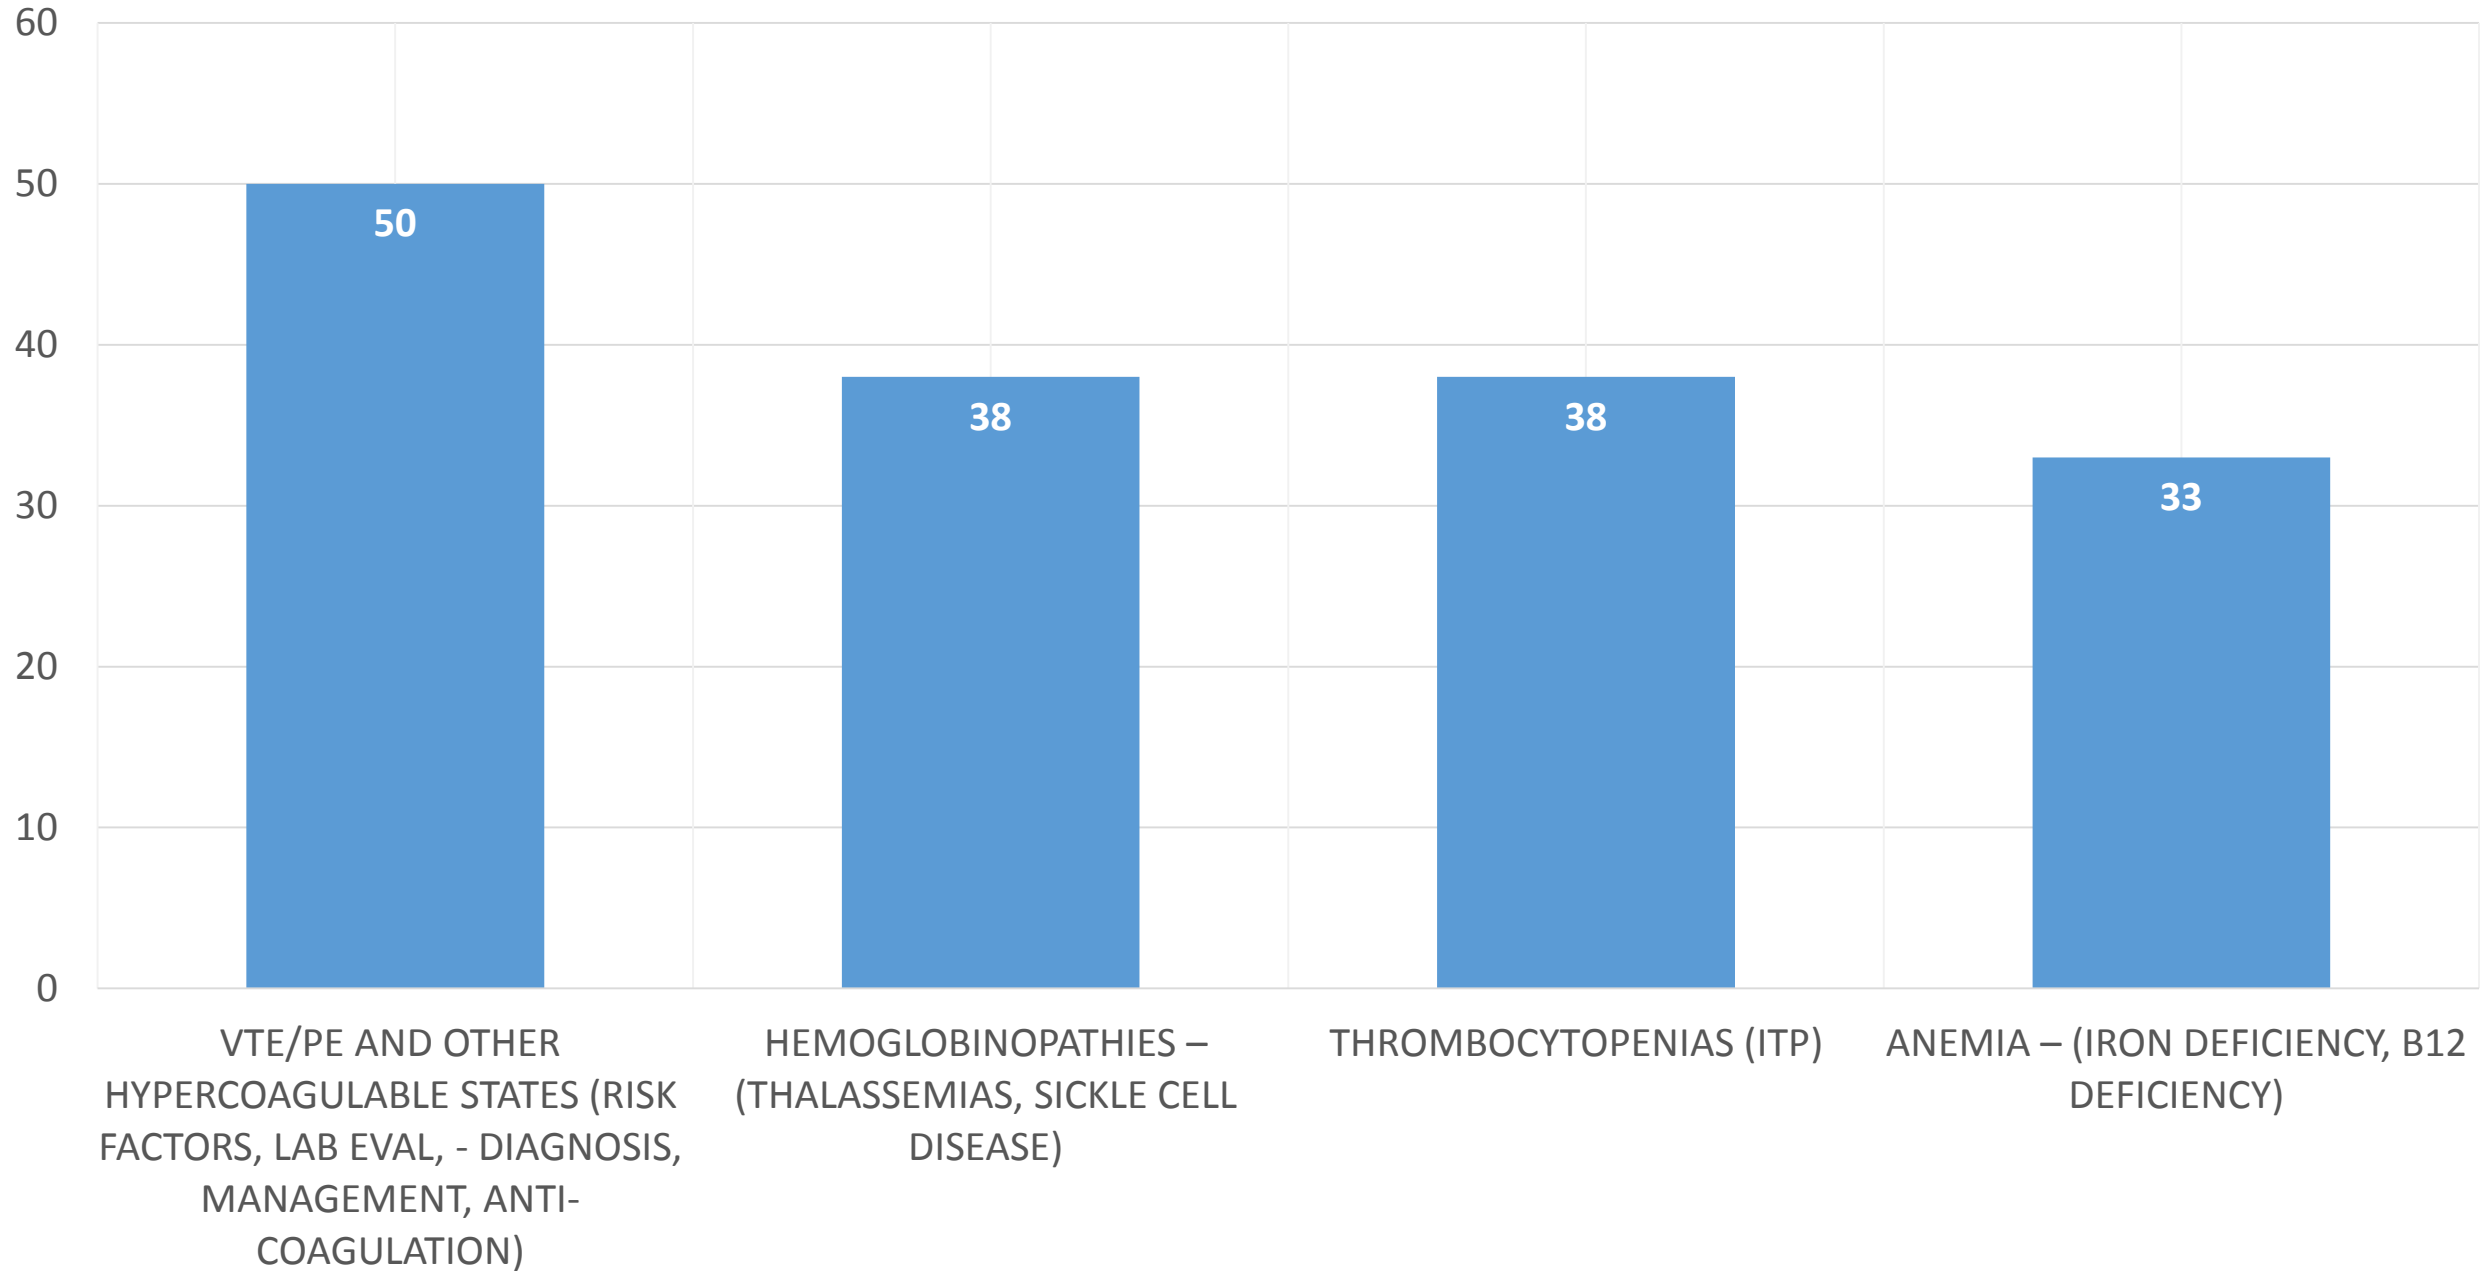

# General Medicine

## GYN

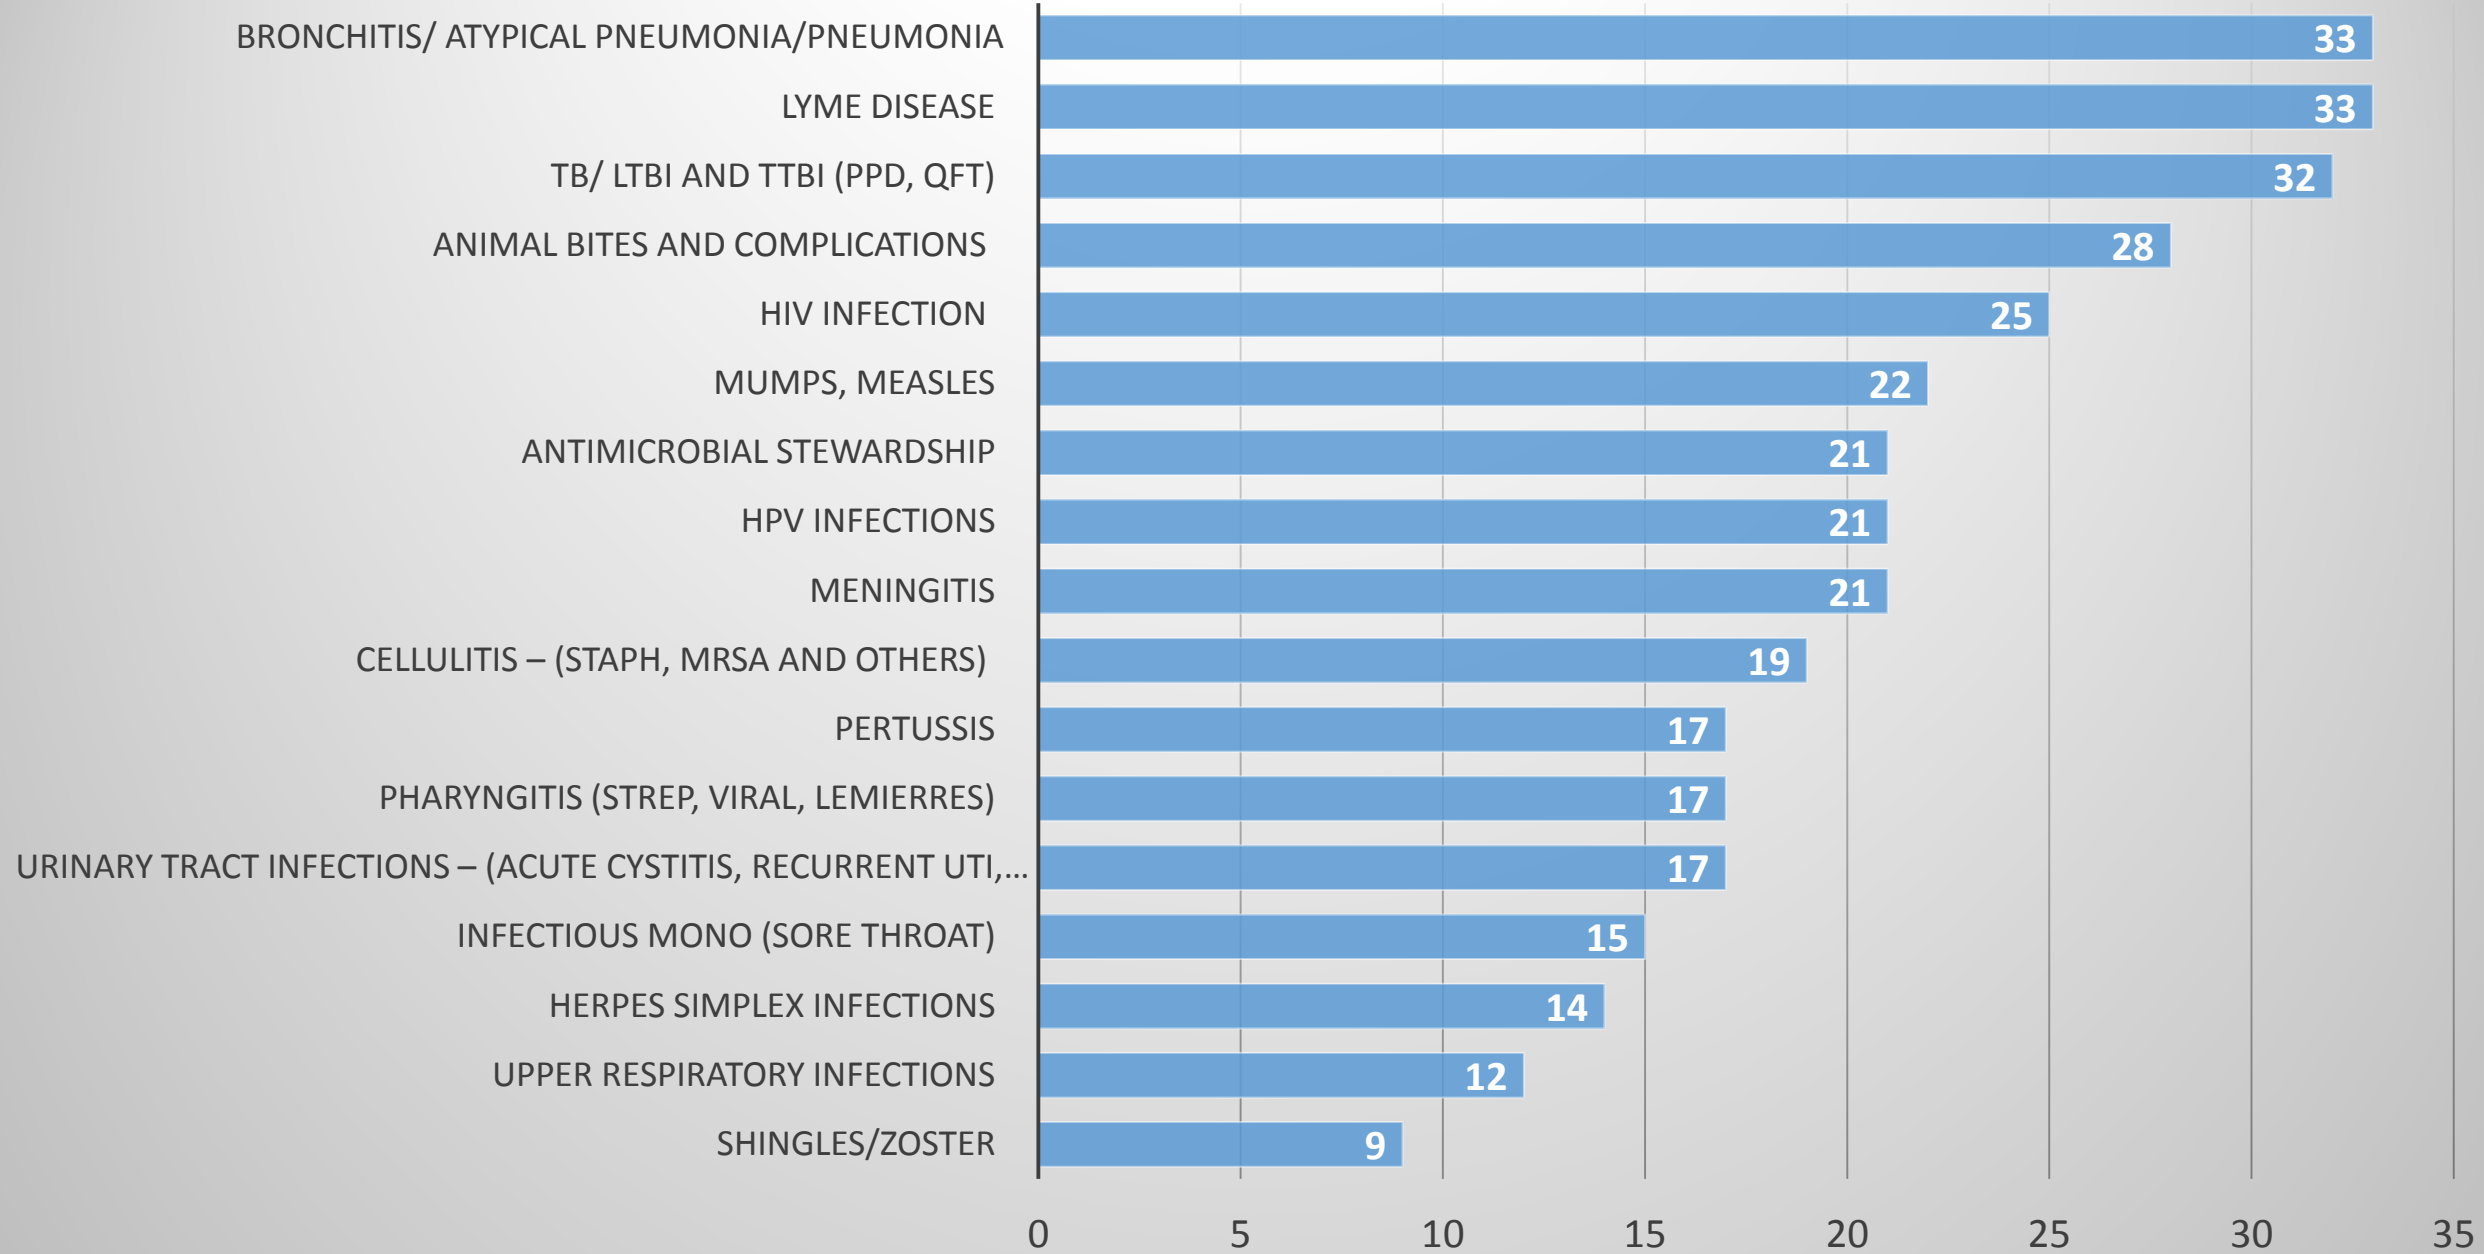

# Hematology

# Infectious Disease

# Men's Health

GENITAL DERMATOLOGY –  
(PEARLY PENILE PAPULES,  
FORDYCE SPOTS, GENITAL  
WARTS, HERPES,  
MOLLUSCUM)

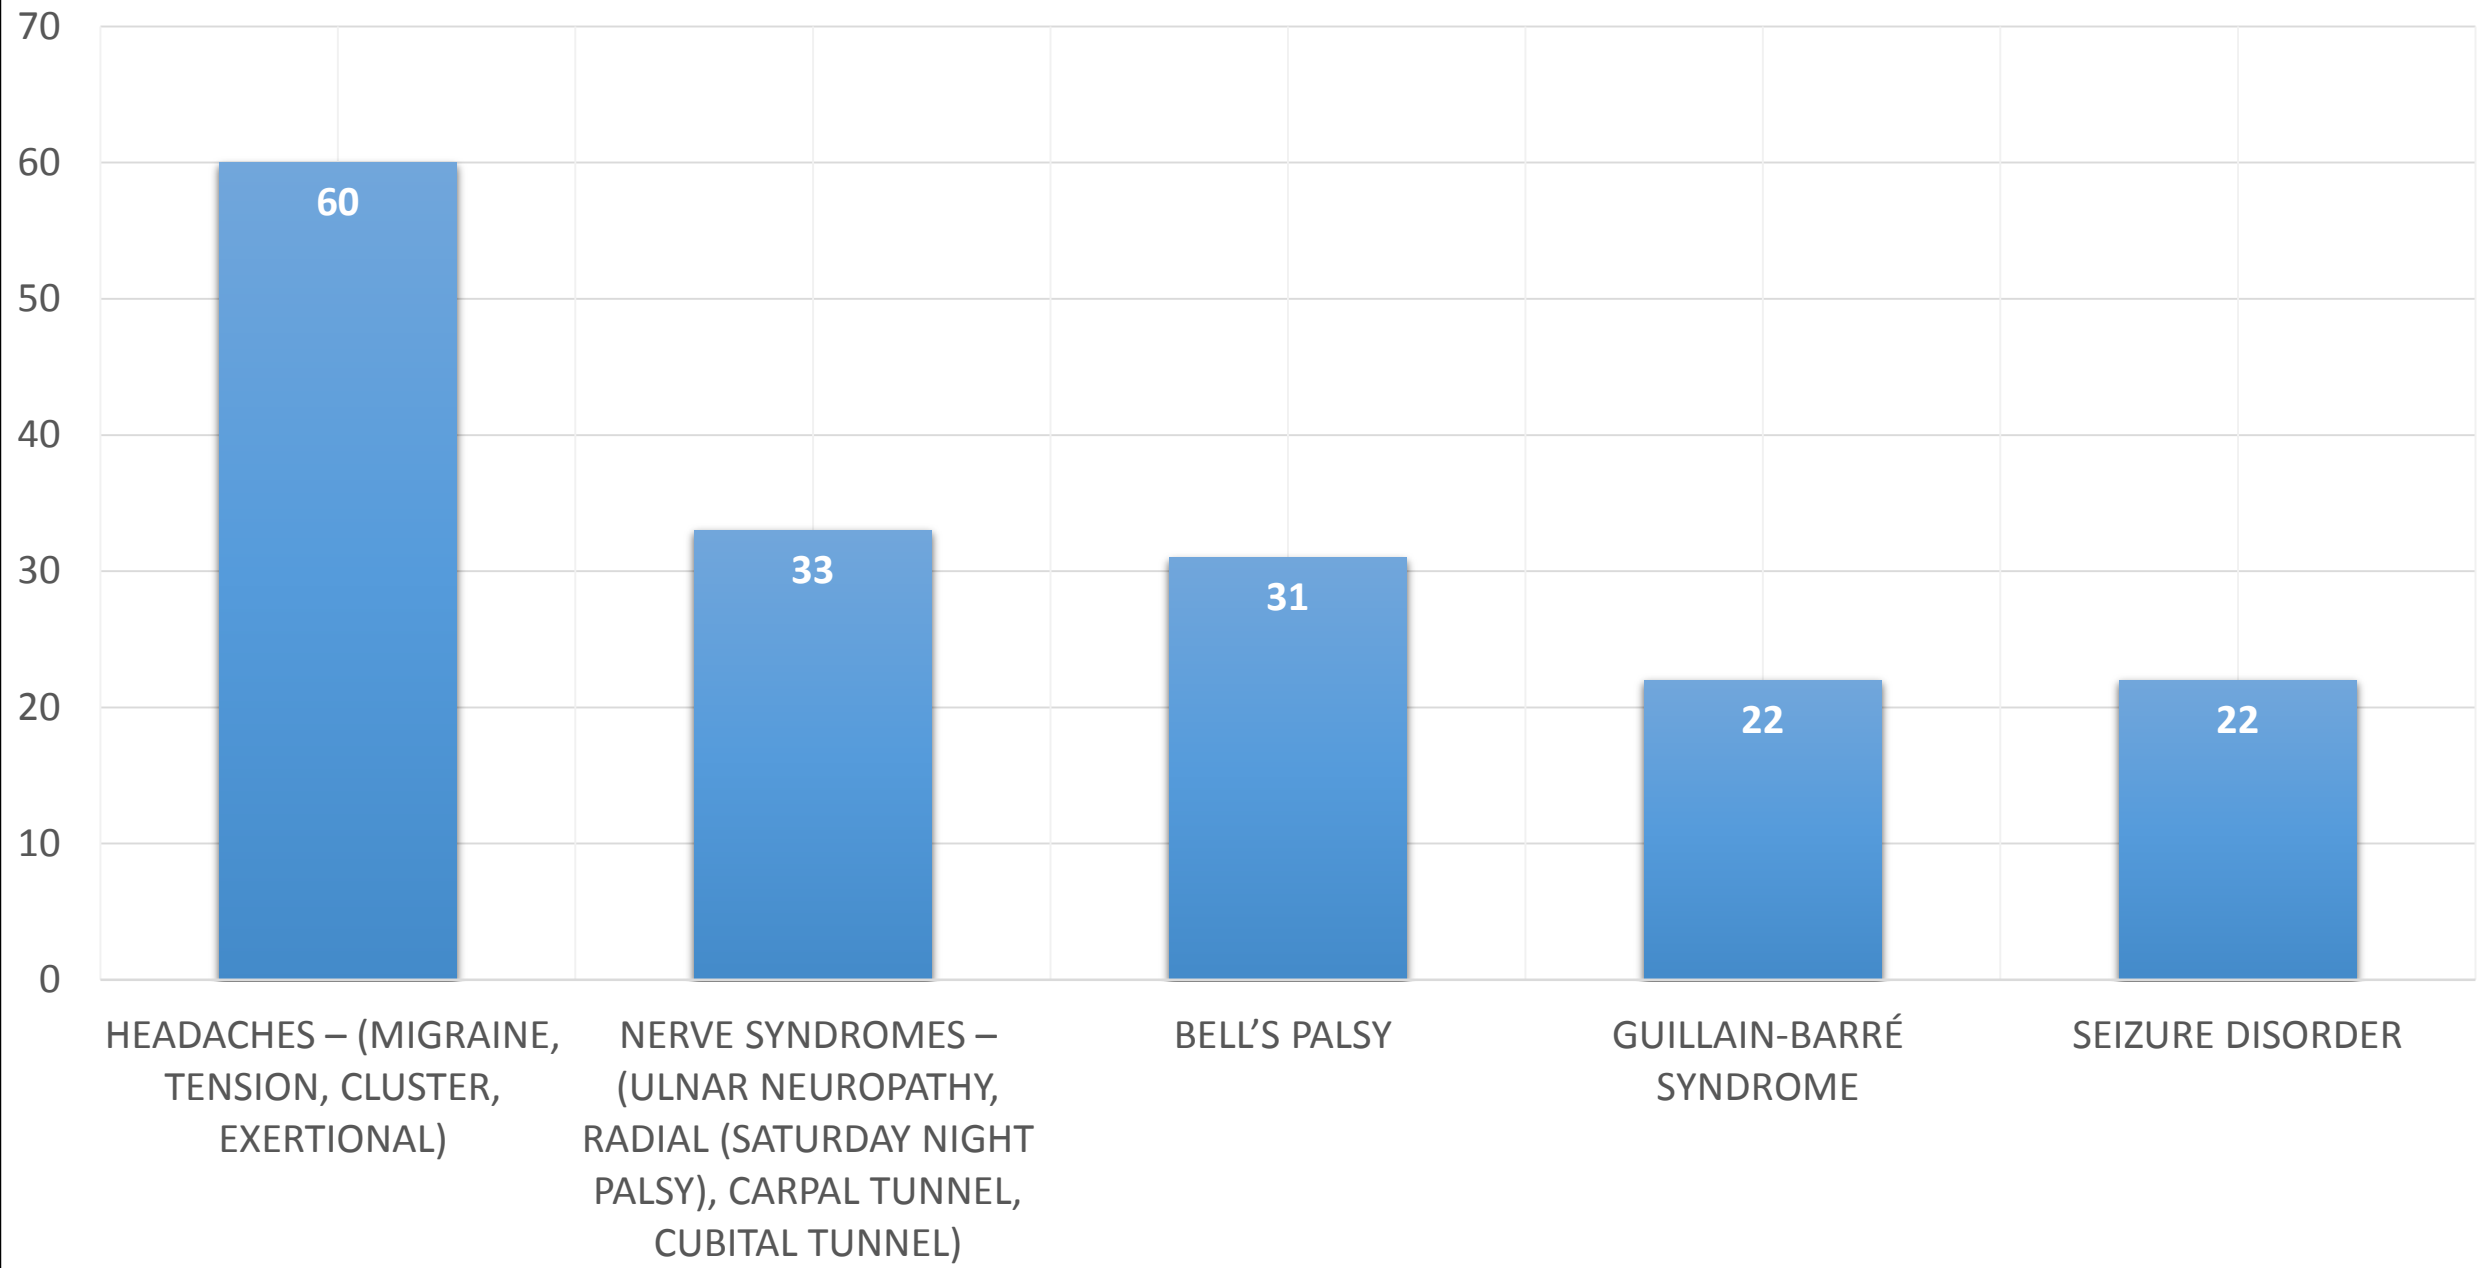

SCROTAL ISSUES –  
(HYDROCELE, VARICOCELE,  
HERNIAS)

URETHRITIS, EPIDIDYMITIS

ERECTILE DYSFUNCTION

TESTICULAR PAIN  
(TORSION, MASSES)

# Neurology

## Oncology

ON GOING PRIMARY - CARE FOR CANCER SURVIVORS

40

LEUKEMIA/LYMPHOMA

31

THYROID CANCER

22

TESTICULAR CANCER

20

BREAST CANCER – (SCREENING GUIDELINES)

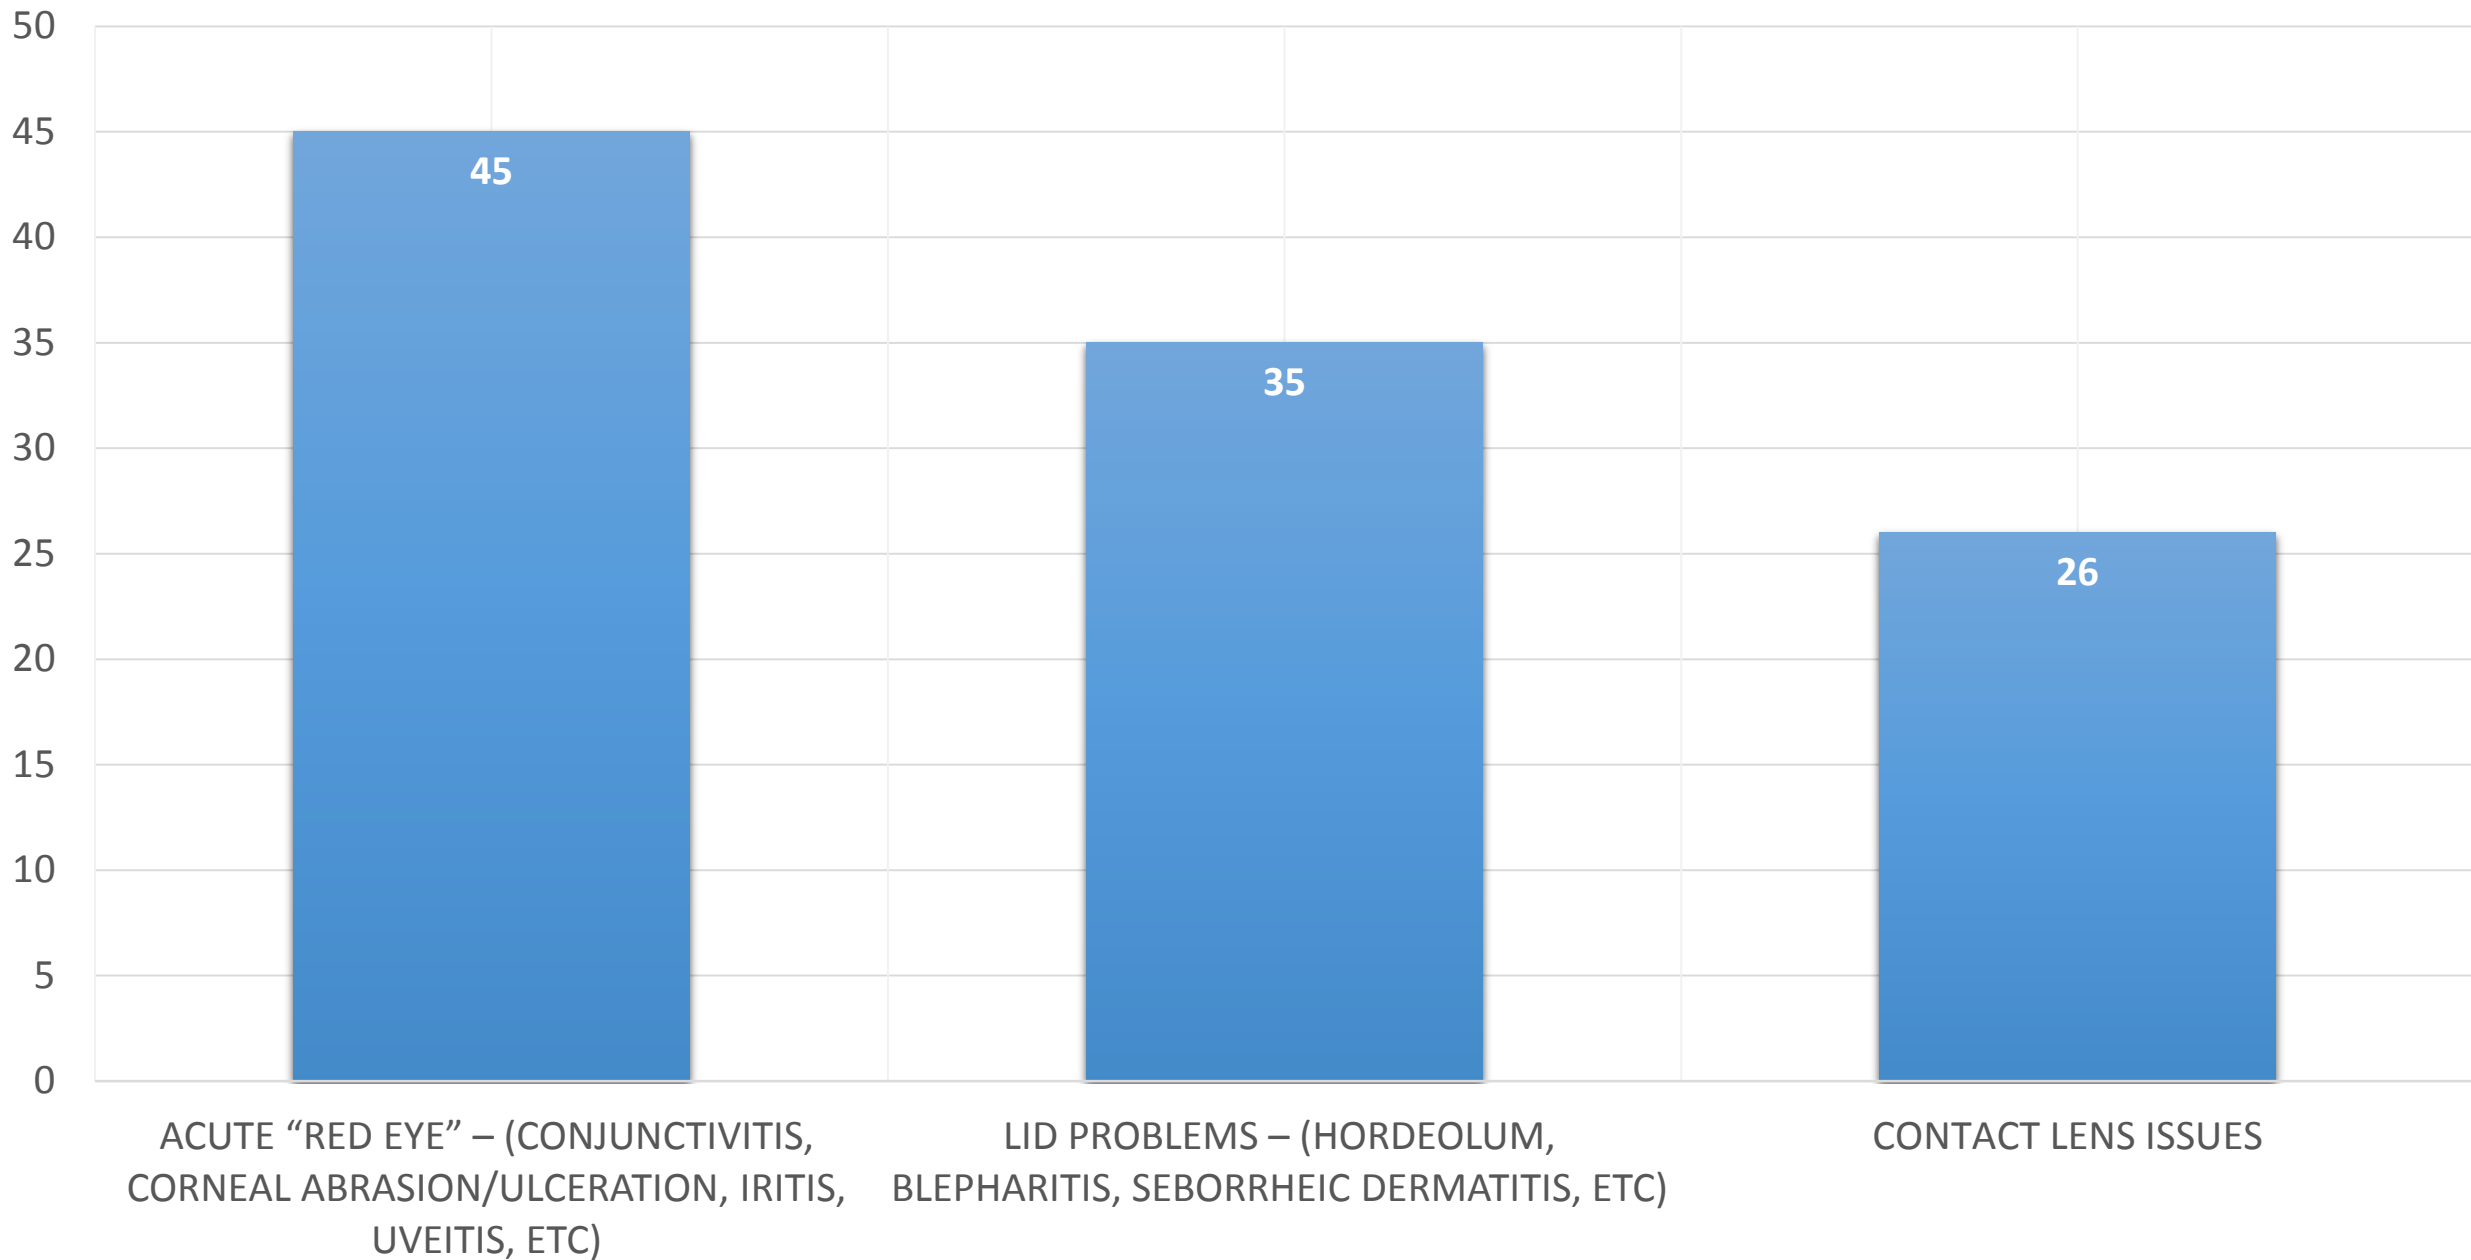

16

COLORECTAL CANCER – (SCREENING GUIDELINES)

## Ophthalmology

# Pulmonary

## Rheumatology

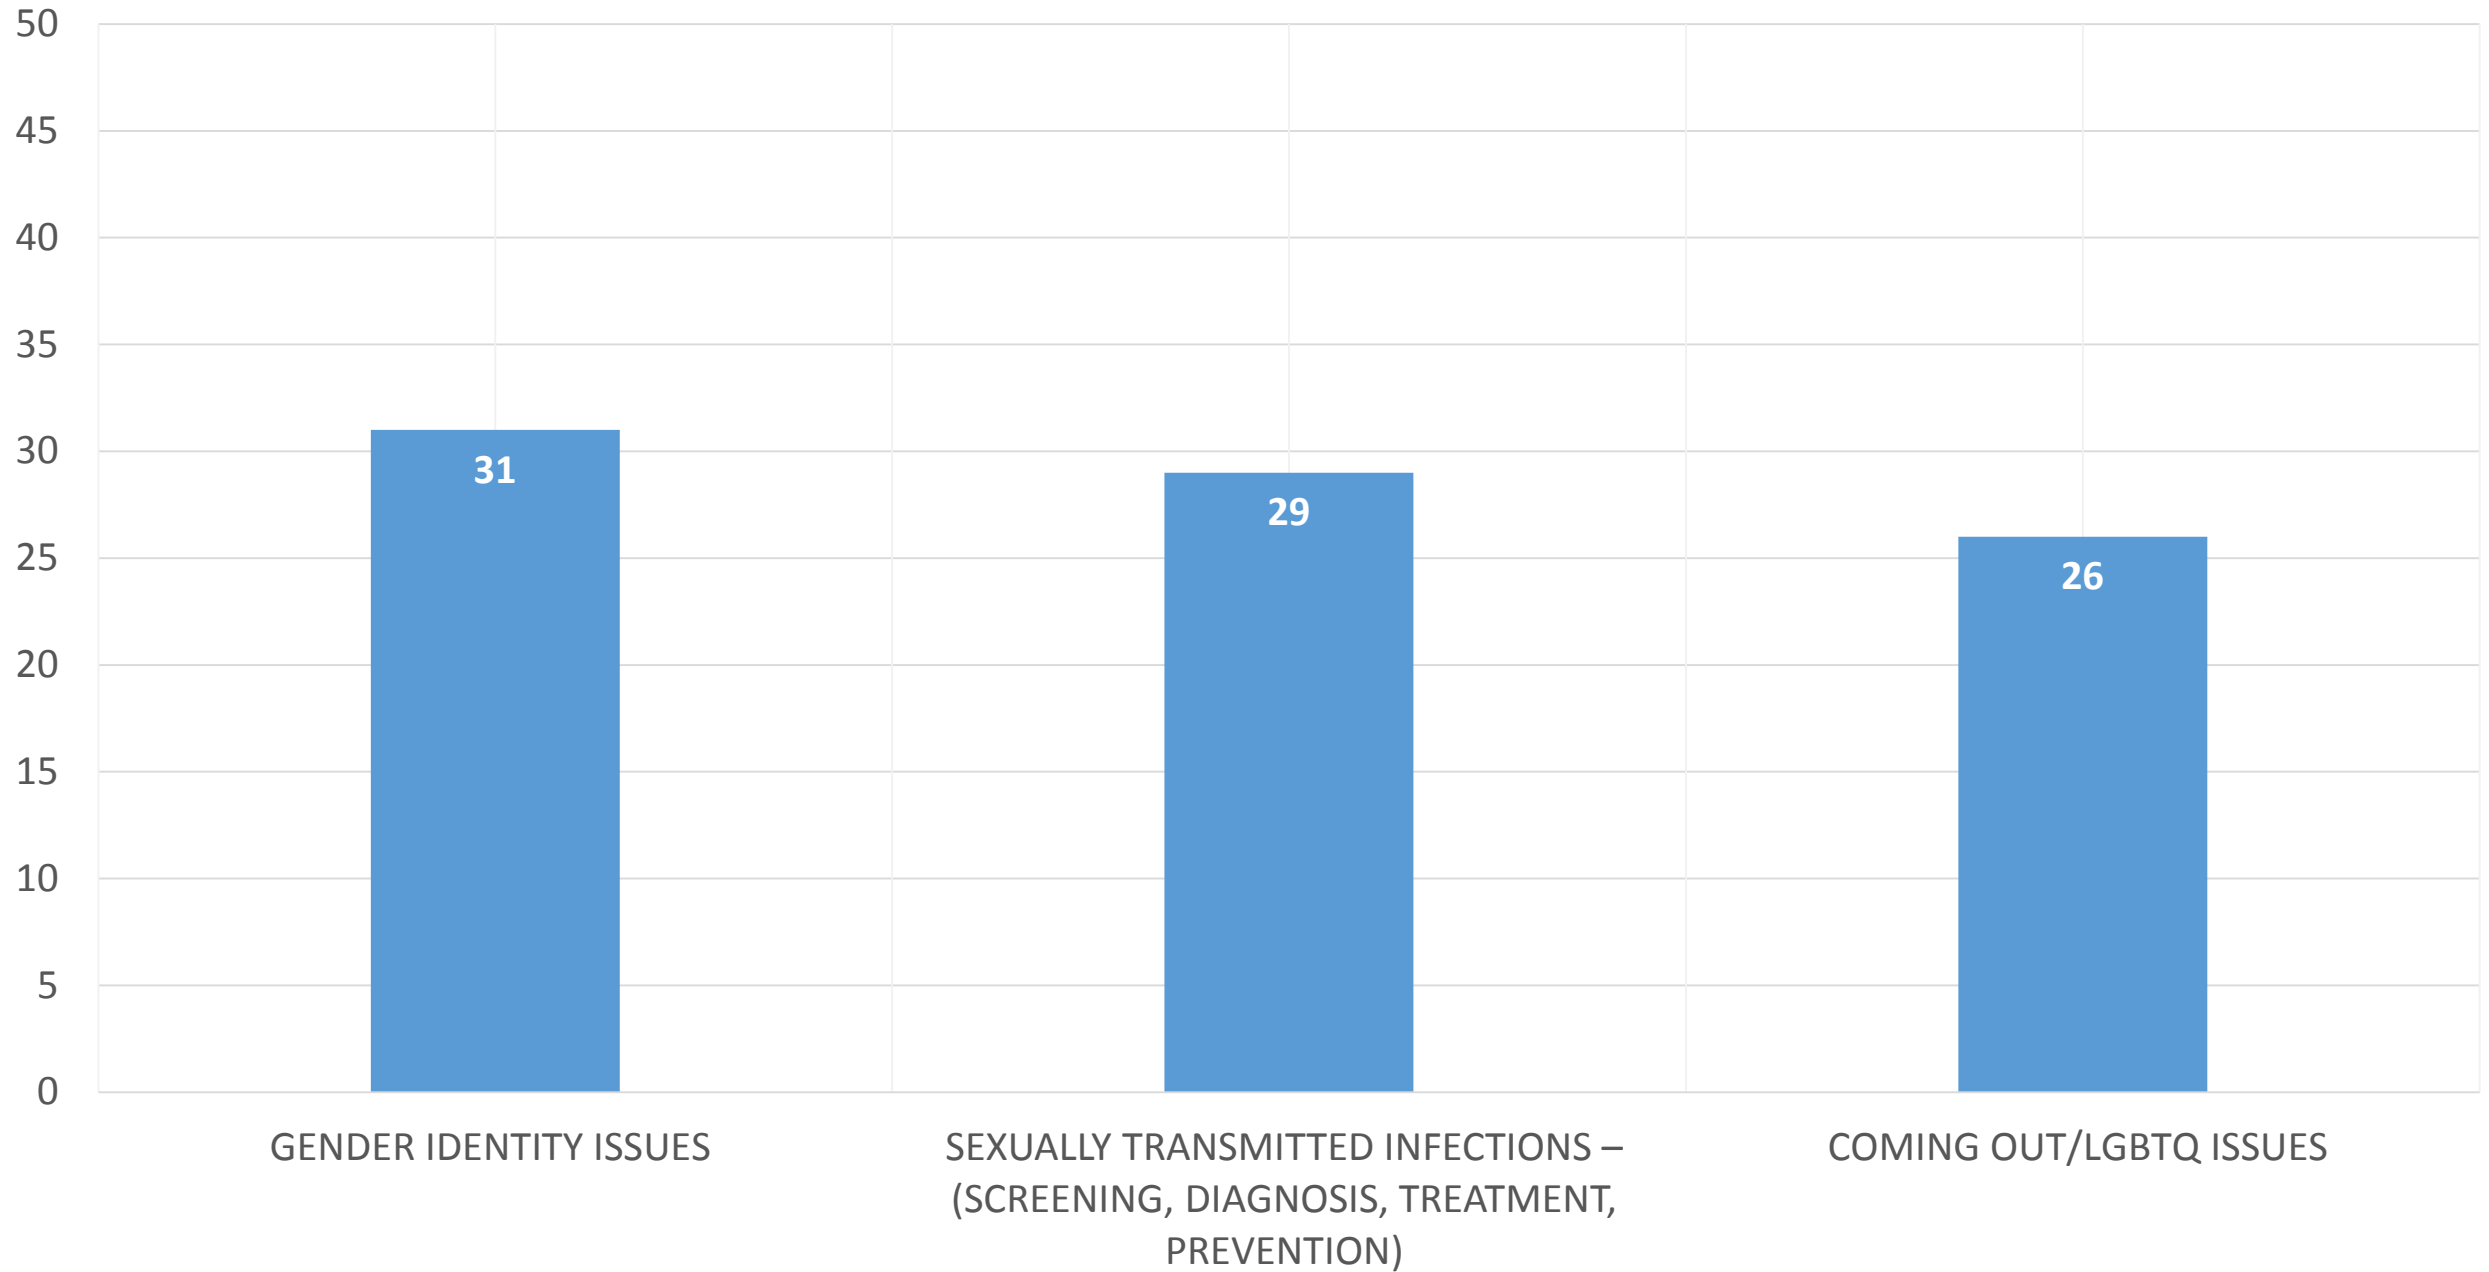

# Risk Management

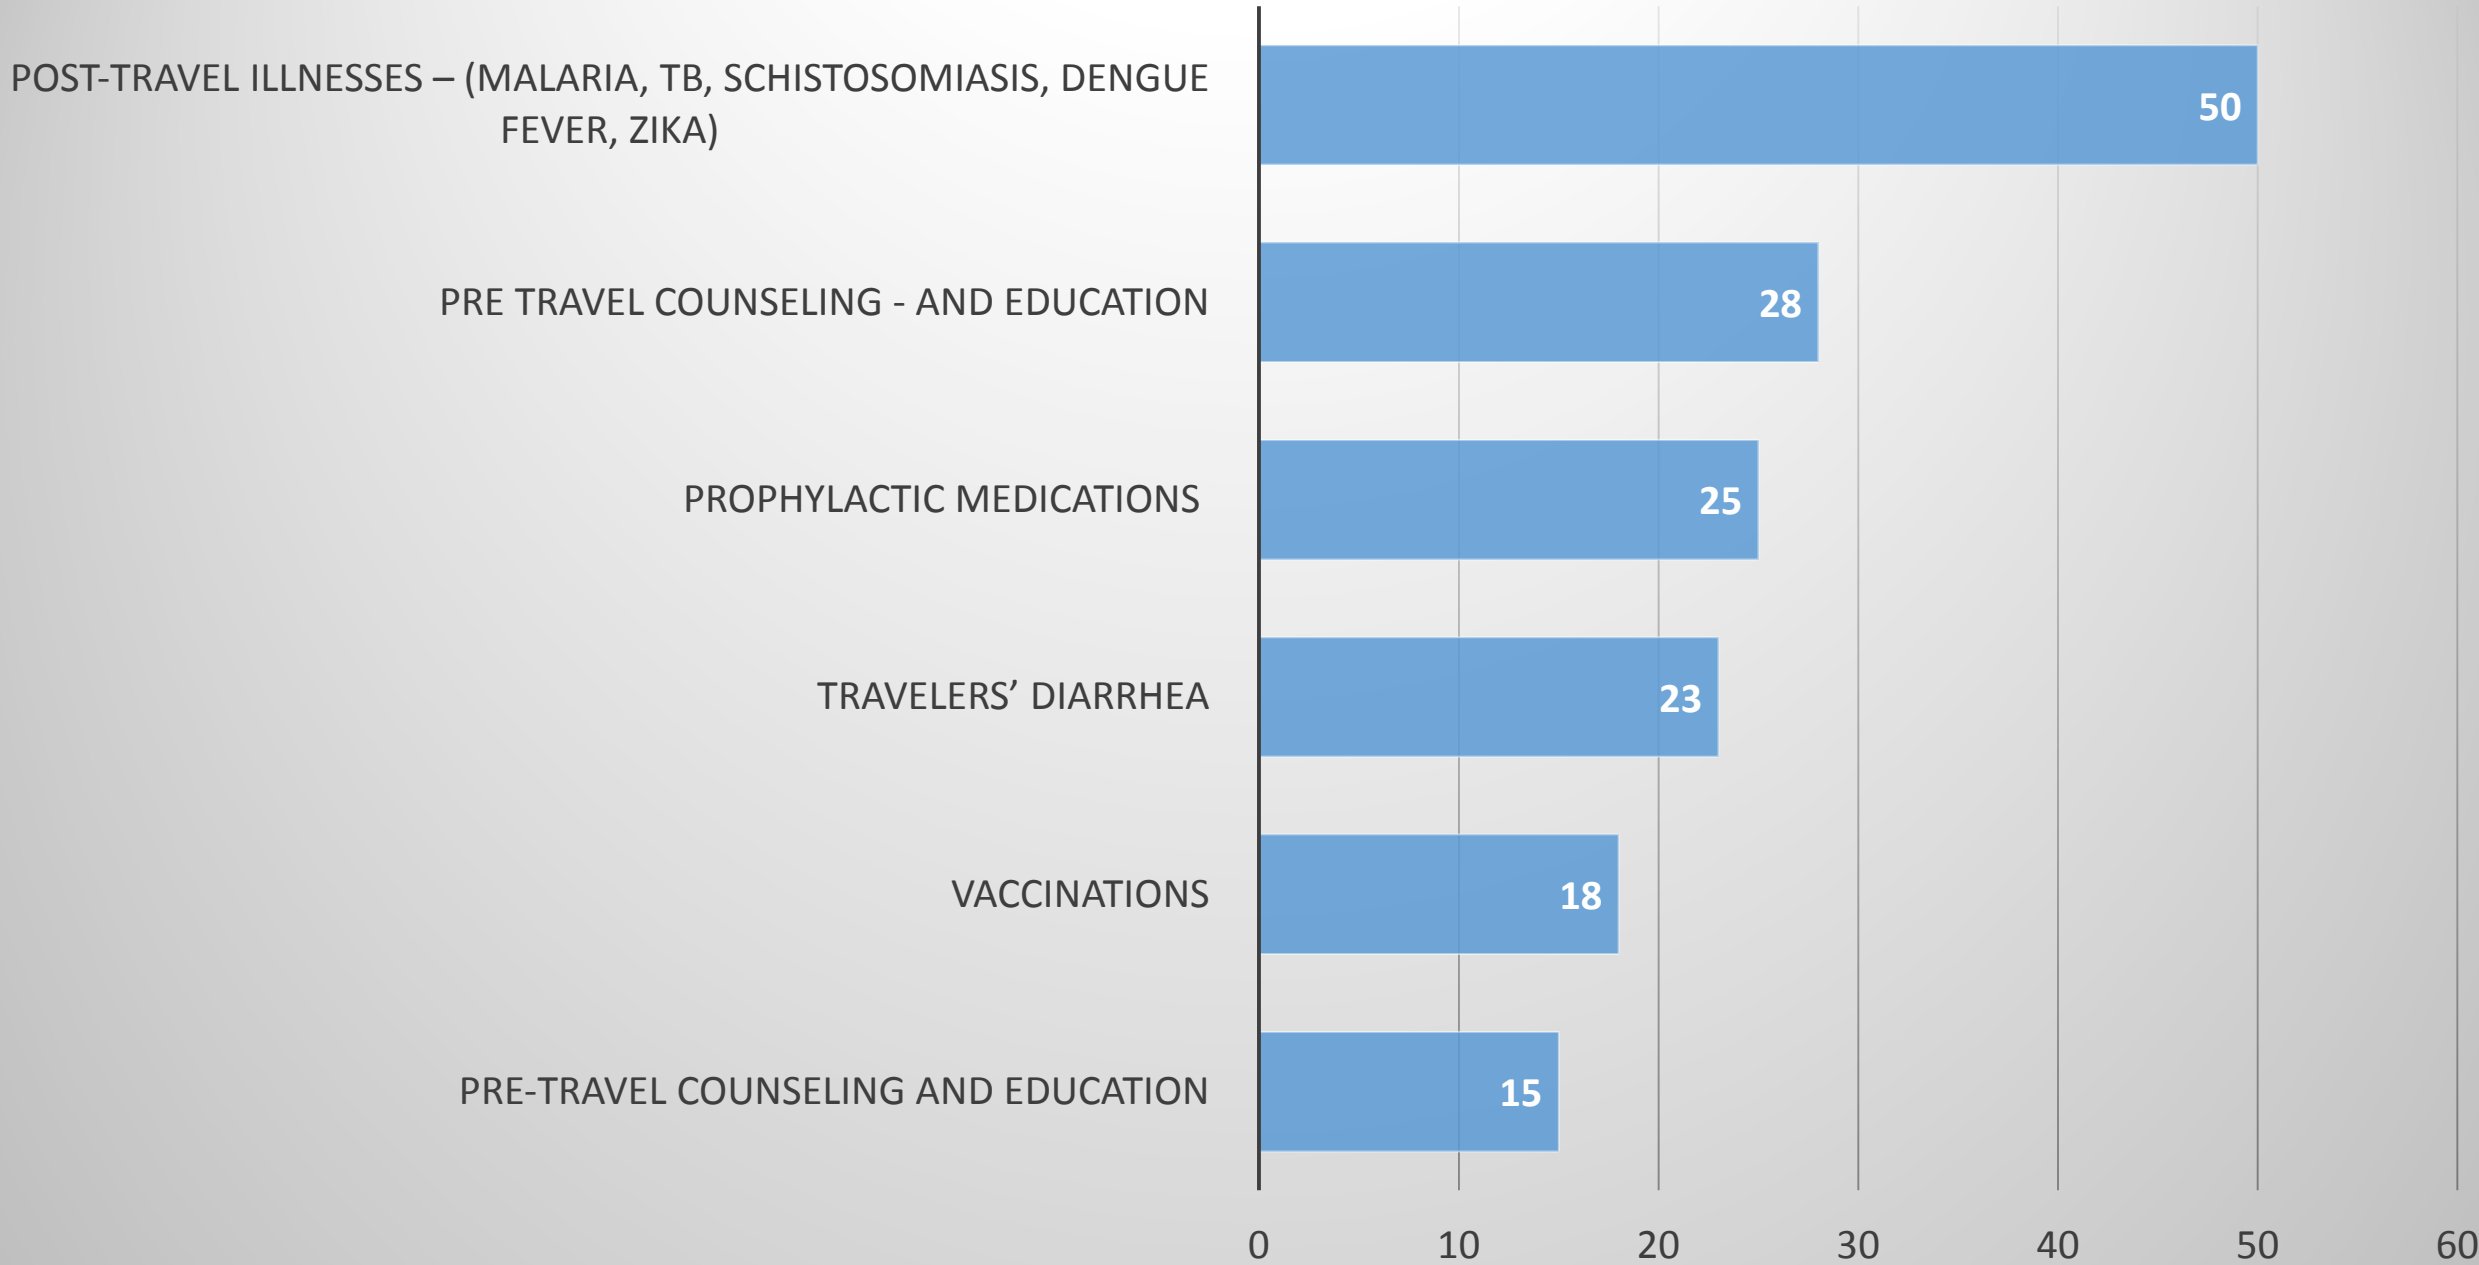

# Sexual Health

# Sports Medicine/Orthopedics

# Travel Medicine

Please provide suggestions of skills/topics which you would like to see offered in this workshop format during future Annual Meetings:

A word cloud of suggestions for workshop topics. The words are arranged in a roughly circular pattern, with 'Musculoskeletal exam refreshers' being the largest and most prominent. Other words include 'Sleep disorders', 'Ultrasound use', 'Electronic charting best practices', 'International student health', 'Communication skills', 'Suturing', 'Insurance billing', 'STI treatment', 'More workshops', 'Holistic care', and 'Transgender care'. The words are in various colors and orientations.

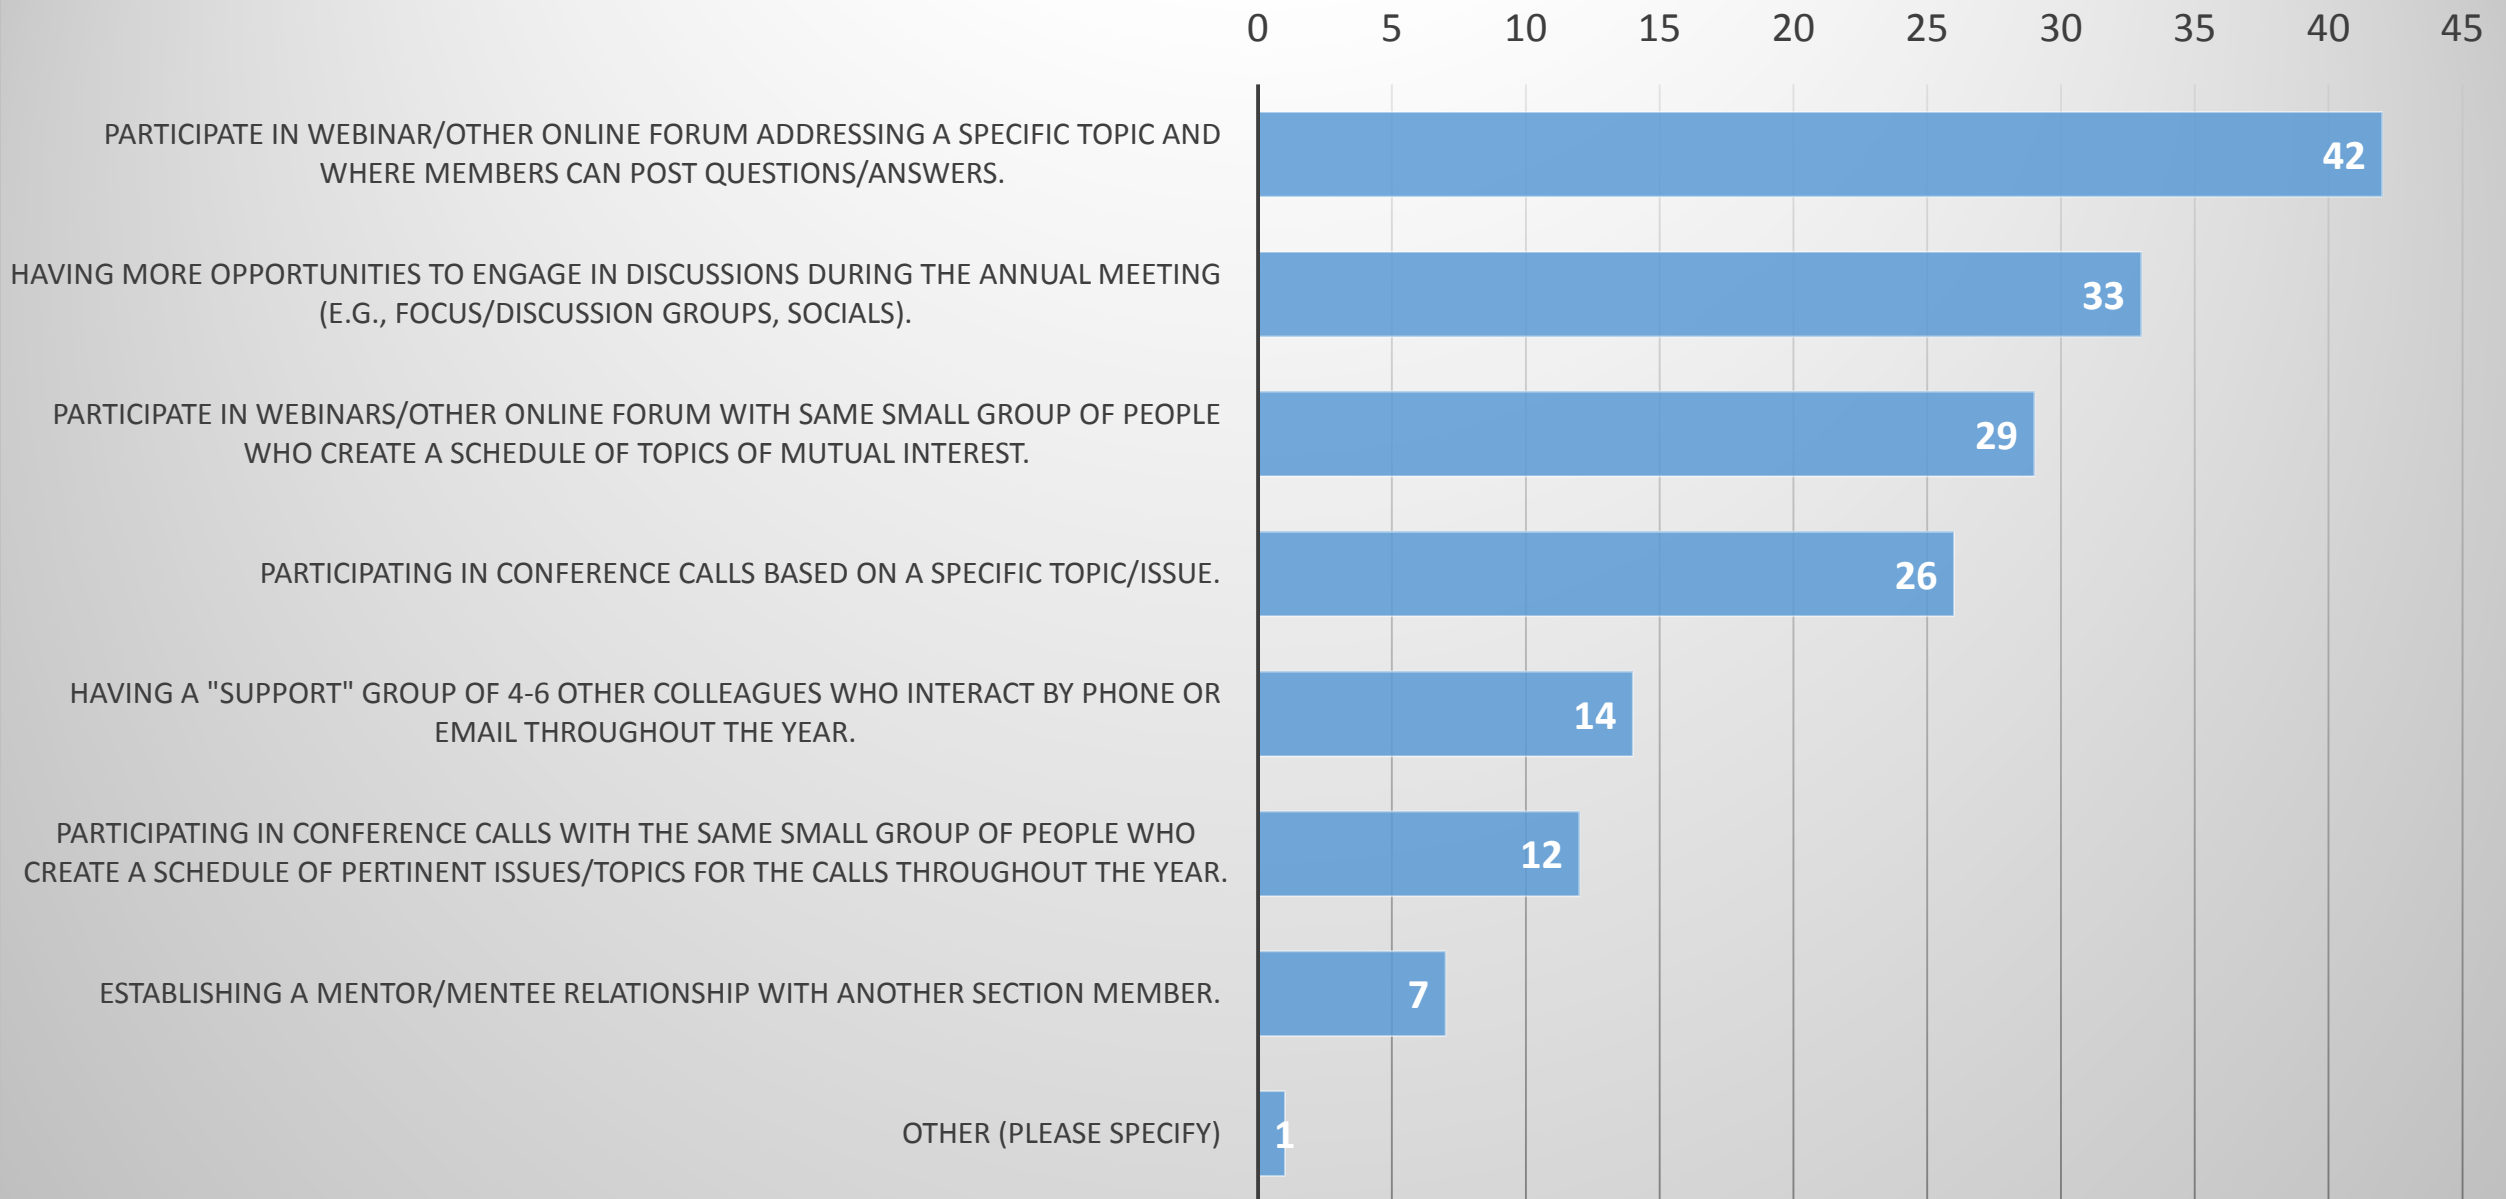

Sleep disorders  
Ultrasound use  
Electronic charting best practices International student health  
Communication skills  
**Musculoskeletal exam refreshers**  
Suturing Insurance billing  
Transgender care Holistic care STI treatment  
More workshops

# What is the one thing that the Program Planning Committee could do to improve future ACHA Annual Meetings?

A word cloud visualization of responses to the question. The words are arranged in a roughly circular shape, with 'Clinical Relevance' being the largest and most central word. Other prominent words include 'Timing of Clinical medicine topics', 'Evidence-based presentations', 'Case presentations', 'Specialists', 'Funding', 'Increase Clinical topics', and 'Variety'. The words are color-coded: 'Clinical Relevance' is red, 'Timing of Clinical medicine topics' is dark grey, 'Evidence-based presentations' is blue, 'Case presentations' is purple, 'Specialists' is blue, 'Funding' is yellow, 'Increase Clinical topics' is green, and 'Variety' is red.

Case presentations  
Evidence-based presentations  
Timing of Clinical medicine topics  
**Clinical Relevance**  
Specialists Funding  
Increase Clinical topics  
Variety

# Which ways of networking with clinical medicine colleagues would most interest you? (Select no more than three choices)

What are some new or "hot" health topics, situations, or trends on your campus?

A word cloud of health topics on a campus. The words are arranged in a roughly circular pattern, with 'Mental Health' and 'Trans Health care' being the largest and most prominent. Other significant words include 'Disability accommodations', 'Assault', 'Suicide', 'Meningitis', 'PrEp', 'New HIV dx', 'Sleep', 'Mumps', 'Stress', 'Lyme disease', 'Travel', and 'Telemedicine'. The colors of the words vary, including blue, green, red, purple, and yellow.

Lactation rooms  
Disability accommodations  
Conjunctivitis Assault Suicide  
Meningitis PrEp New HIV dx  
**Trans Health care**  
Transgender care  
Sleep Mumps  
Stress Lyme disease  
**Mental Health**  
Travel Telemedicine

# What is the one thing that the Clinical Medicine Section leadership can do for you in the upcoming year?

Advocate for integration of mental health and medical health.

AMA accredited CME for physicians

Offer pre-session or sessions on POC skills such as POC ultrasound, skin biopsy, joint injections

Continue the good work!

help to prepare members of the section to take on clinical leadership roles within student health centers

Figure out how to best promote the clinical providers at our health centers as excellent providers. There is still such a perception that college health does tylenol and bandaids. We get the best praise and positive feedback from graduate students that utilize us and parents that take the time to communicate with us when their child is sick.

Where are the measures / outcomes proving integrating medical and mental health services provides better care ( not just a pt satisfaction measure), improves retention, increases academic success, etc.

Something!

Guidelines and protocols new to routine problems

Support in identifying "best practices" in college health and support us as we in the initiative to adopt these best practices so we can improve the quality of health care delivered

revive the Clinical Medicine listserv

## What is the one thing that the Clinical Medicine Section leadership can do for you in the upcoming year?

for me personally-- free or substantially discounted meeting registration cost for people who do large amounts of volunteer work for the organization

For clinical medicine section--acha endorsing/applying professional standards for clinicians in college health

Sponsoring some good webinars

Be more open to involving all members of the section a year before the next meeting.

not sure.

would like to have a forum where Medical Directors can communicate with each other to ask questions or share policies, etc.

Online clinical resources, similar to "Up To Date" for college health topics

keep members updated throughout the year on topics that will be presented at the ACHA meeting
