About ACHA Connect

ACHA Connect is ACHA's exclusive, members-only online community designed to facilitate member-to-member networking and collaboration. Participants can ask and answer questions with their peers, search and share content in the Resource Library, connect with colleagues through the Member Directory, collaborate on ACHA projects, and more.

Daily Digest

ACHA Connect participants can customize their delivery options, opting to receive message in real time, solely via the website, or as a daily digest. The daily digest—the default and most popular method of delivery with over **6,000 subscribers**—is an HTML-formatted email with a table of contents that features links to messages from the past 24 hours.

The digest is delivered five days each week—Monday through Thursday, plus a weekend digest for Friday through Sunday delivered on Sunday nights—which means you have the opportunity to reach almost every member via email approximately **20 times throughout the month**.
